Mr. Landen,

Attached is the Hearing Examiner's recommendation for you shoreline variance application (SV-14-00001). This document has been placed in the mail to you as well as being published on the county website. The next step is for staff to set the closed record hearing with the Board of County Commissioners. I will notify you when that will occur.

Regards,

Lindsey Ozbolt

**RECOMMENDED SHORELINE MANAGEMENT PERMIT
ACTION SHEET**

Application #: SV-14-00001
Administering Agency: Kittitas County Transportation and Land Services
Type of Permit: Shoreline Setback Variance
Recommended Action: Approved Denied
Date of Recommended Action: May 14, 2014

RECEIVED

MAY 16 2014

KITTITAS COUNTY
CDS

THIS MATTER having come on for hearing in front of the Kittitas County Hearing Examiner on May 8, 2014, the Hearing Examiner having taken evidence hereby submits the following Recommended Findings of Fact, Conclusions of Law, Decision and Conditions of Approval as follows:

Applicant: **Richard Landen**
3160 Via Kachess Road
Easton, WA 98925

Richard Landen, landowner, submitted an application for a Structural Setback Shoreline Variance (SV-14-00001) with associated JARPA on March 10, 2014 to Kittitas County Community Development Services Department to allow for a remodel and addition to an existing residential structure, including a deck. The Shoreline Master Program requires all single family residential development to be at least 100 feet landward of the Ordinary High Water Mark (OHWM). This proposal is located within the Conservancy Shoreline Designation. The request is for a variance to allow the structure to be no closer than approximately 58 feet from the OHWM of Lake Kachess.

Upon the following property: Lot 1, Plat of Kachess I (recording #393674), 3160 Via Kachess Rd., Easton, WA 98925.

Within 200 feet of **Lake Kachess** and/or its associated wetlands.

The project will be within a shoreline of state-wide significance (RCW 90.58.030). The project will be located within a **Conservancy** designation. The Kittitas County Shoreline Master Program is applicable to this development.

Development pursuant to this permit shall be undertaken in conformance with the following recommended conditions:

RECOMMENDED CONDITIONS OF APPROVAL

1. All conditions imposed herein shall be binding on the "Applicant," which terms shall include the owner or owners of the property, heirs, assigns and successors.
2. Any structure on the property shall not be constructed any closer than 58 feet landward of the OHWM.
3. A zoning setback variance may be required prior to issuance of the building permit for the front and/or side yard setbacks.
4. Based on the criteria for riparian habitat specified in Title 17A.07.010(5), the natural condition of the riparian lands that in this case encompass all of the parcel shall be retained in its natural condition. Where disturbance has occurred, during construction, re-vegetation with native vegetation is required. The Kittitas County Noxious Weed ordinance shall be adhered to.
5. Floodplain: This property received a LOMA from FEMA and is no longer considered to be within the regulatory floodplain. Case No. 14-10-0523A.
6. Access: This project proposes a new access from the county road. An access permit must be applied for and issued prior to beginning any work within the county right-of-way. Access must be completed prior to issuance of a building permit.

RECOMMENDED FINDINGS OF FACT

1. Richard Landen, landowner, submitted an application for a Structural Setback Shoreline Variance (SV-14-00001) with associated JARPA on March 10, 2014 to Kittitas County Community Development Services Department to allow for a remodel and addition to an existing residential structure, including a deck. The Shoreline Master Program requires all single family residential development to be at least 100 feet landward of the Ordinary High Water Mark (OHWM). This proposal is located within the Conservancy Shoreline Designation. The request is for a variance to allow the structure to be no closer than approximately 58 feet from the OHWM of Lake Kachess.
2. This proposal encompasses 1 parcel, located at 3160 Via Kachess Road, Easton, Washington along Lake Kachess, in a portion of Section 17, T21N, R13E, WM in Kittitas County, bearing Assessor's map number 21-13-17050-0001.
3. The Comprehensive Plan designation is "Rural Working Land."
4. The subject property is zoned "Forest and Range."
5. A shoreline structural setback variance application was submitted to Kittitas County Community Development Services Department (CDS) on March 10, 2014. This application was deemed complete on March 31, 2014. The Notice of Application for the shoreline structural setback variance was issued on April 15, 2014. This notice was published in the official county paper of record and was mailed to jurisdictional government agencies, adjacent property owners and other interested parties. The last day to submit written comments was on April 30, 2014.
6. The proposal is consistent with the goals and policies of the Kittitas County Comprehensive Plan. As referenced above in Section IV of this staff report, the following Comprehensive Plan GPOs apply to this proposal: GPO 2.2, 2.7, 8.1, 8.2, 8.4, and 8.16.

7. The Hearing Examiner has reviewed the Shoreline Master Program and has concluded that the applicant demonstrated the following criteria has been met pursuant to WAC 173-27-170 and Section 40 of the Kittitas County Shoreline Master Program:
 - a. The strict application of this requirement precludes or interferes with reasonable use of the subject property, and;
 - b. That this hardship is specifically related to the property, resulting from unique conditions including lot shape, size, and other natural features; and
 - c. That the residential nature of the proposal is compatible with other authorized uses within the area and with uses planned for the area under the comprehensive plan and shoreline master program and will not cause adverse impacts to the shorelines environment; and
 - d. The variance will not constitute a grant of special privilege not enjoyed by the other properties in the area; and,
 - e. The variance is the minimum necessary to afford relief; and,
 - f. That the public interest will suffer no substantial detrimental effect.
8. This proposal is consistent with KCC 17, specifically KCC 17.56 as conditioned.
9. Staff conducted an administrative critical area review in accordance with KCC 17A. As conditioned, this proposal is compatible.
10. This proposal is consistent with KCC 14.08, as conditioned.
11. This proposal is consistent with KCC 12, as conditioned.
12. The following agencies provided comments during the comment period: Kittitas County Department of Public Works and Kittitas County Department of Environmental Health. These comments have been included in the index file record and were considered when preparing the recommended conditions for this proposal.
13. Public comments were submitted for this proposal at the time of staff review and were considered by the Hearing Examiner in rendering this recommended decision.
14. An open record public hearing after due legal notice was held on May 8, 2014.
15. Admitted into the record were the following exhibits:
 - 15.1 Exhibit 1: KC application fees receipt – 3/10/14
 - 15.2 Exhibit 2: Shoreline Variance application submittal packet – 3/10/14
 - 15.3 Exhibit 3: Additional information submitted by applicant – 3/25/14
 - 15.4 Exhibit 4: Staff review info
 - 15.5 Exhibit 5: Deem Complete Letter – 3/31/14
 - 15.6 Exhibit 6: Email between applicant and staff – 4/2/14
 - 15.7 Exhibit 7: Affidavit of Posting – 4/4/14
 - 15.8 Exhibit 8: Notice of Application memo & legal – 4/15/14
 - 15.9 Exhibit 9: Affidavit of Mailing & Publication – Notice of Application – 4/15/14
 - 15.10 Exhibit 10: Returned mail – Notice of Application
 - 15.11 Exhibit 11: Email from KC Env. Health – 4/23/14
 - 15.12 Exhibit 12: Public Comment – D. Campbell
 - 15.13 Exhibit 13: Public Comment – A. Dulin
 - 15.14 Exhibit 14: Email between applicant and staff – 4/24/14

- 15.15 Exhibit 15: Comment from KC DPW – 5/2/14
- 15.16 Exhibit 16: Transmittal of comments letter – 5/2/14
- 15.17 Exhibit 17: Hearing Examiner Agenda – 5/8/14 (hearing date)
- 15.18 Exhibit 18: May 8, 2014 a letter from the department of Ecology to Kittitas County Community Development

- 16. Appearing and testifying on behalf of the applicant was Richard Landen. Mr. Landen testified that he is the applicant and the owner of the subject property. Mr. Landen testified that his wife is severally disabled, This disability restricts her mobility. This property presented access issues requiring them to construct a new addition on to this property.
- 17. It is impossible for them to construct this addition without the need for this variance because of the minimal lot size. The hardship is also related to his wife’s disability and a need to modify the access to this structure to allow her to enjoy the property.
- 18. Mr. Landen testified that because his wife is in a wheelchair and is unable to walk, that the size of structure had to be increased due to the nature of handicap accessible buildings needing to be larger to accommodate wheelchairs.
- 19. Mr. Landen further testified that he agreed that they would not do any construction within the Riparian Area. He testified that they would not do any work on Bureau of Reclamation land between his lot line and the ordinary high water mark. He testified that a bridge for the driveway was needed in order for his wife to have access to the property. Finally, he testified that he had no objection to any of the proposed conditions of approval.
- 20. Any Conclusion of Law that is more correctly a Finding of Fact is hereby incorporated as such by this reference.

RECOMMENDED CONCLUSIONS

- 1. The Hearing Examiner has been granted authority to render this Decision.
- 2. As conditioned, the proposal meets the goals, policies and implementation recommendations as set forth in the Kittitas County Comprehensive Plan.
- 3. As conditioned, the proposal meets the variance process as described in WAC 173-27-170 and the requirements of the Kittitas County Shoreline Master Program.
- 4. As conditioned, this proposal is consistent with applicable federal and state laws and regulations.
- 5. Public use and interest will be served by approval of this proposal.
- 6. As conditioned, the proposal is consistent with Kittitas County Code Title 17 Zoning, Title 17A Critical Areas, Title 14.06 Flood Damage Prevention Code, and Title 12 Roads and Bridges.
- 7. Any Finding of Fact that is more correctly a Conclusion of Law is hereby incorporated as such by this reference.

This permit is recommended to be granted pursuant to the Shoreline Master Program of Kittitas County, as amended, and nothing in this recommendation shall excuse the applicant from compliance with any other federal, state, or local statutes, ordinances, or regulations applicable to this project, but not inconsistent with the Shoreline Management Act of 1971 (Chapter 90.58 RCW).

Approval Recommended this 14th day of May, 2014.

Subject: RE: Variance app SV-14-00001, Potential Ecology review

Mr. Landen,

Once the County has completed its review process for your shoreline variance application and the County Commissioners have voted, I will send the file with decision on to Department of Ecology for their review and decision.

I hope this clarifies the process a bit for you.

As soon as I receive the recommendation from the Hearing Examiner, I will forward it on to you.

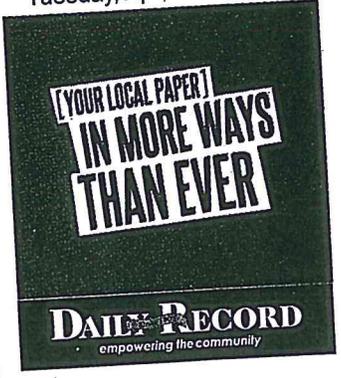

Regards,

Lindsey Ozbolt

Subject: Variance app SV-14-00001, Potential Ecology review

Good morning Lindsey,
Just prior to the hearing, I received a copy of comments made by Ecology/G. Clear re the app for the hearing, May 8, 2014.
Aside from the comments pertaining to the variance request, she used the term "as part of a complete shoreline permit filing with Ecology...".
Is the implication that we must file for yet another process through Ecology or does the variance process carry through that approval point?
Do I need to contact them directly depending upon the outcome of the Hearing Examiner/County Council recommendations or contact them now?
thank you, Dick Landen

NOTICE OF APPLICATION

Project Name (File Number): 3160 VIA Kachess Shoreline Structural Setback Variance (SV-14-00001)
Applicant: Richard Landen, landowner

Location: 1 parcel, located at 3160 Via Kachess Road, Easton, Washington along Lake Kachess, in a portion of Section 17, T21N, R13E, WM in Kittitas County, bearing Assessor's map number 21-13-17050-0001.

Proposal: Richard Landen has submitted a Structural Setback Shoreline Variance application with associated JARPA to allow for a remodel and addition to an existing residential structure including a deck. The Shoreline Master Program requires all single family residential development to be at least 100 feet landward of the Ordinary High Water Mark (OHWM). The request is for a variance to allow the structure to be no closer than approximately 58 feet from the OHWM of Lake Kachess.

Materials Available for Review: The submitted application and related filed documents may be examined by the public at the Kittitas County Community Development Services (CDS) office at 411 N. Ruby, Suite 2, Ellensburg, Washington, 98926, or on the CDS website at [http://www.co.kittitas.wa.us/cds/land-use/current-planing.aspx?title=Shoreline Variances](http://www.co.kittitas.wa.us/cds/land-use/current-planing.aspx?title=Shoreline%20Variances). Phone: (509) 962-7506

Written Comments on this proposal can be submitted to CDS any time prior to 5:00 p.m. on Wednesday, April 30, 2014. Any person has the right to comment on the application and request a copy of the decision once made.

Public Hearing: An open record hearing has been scheduled before the Kittitas County Hearing Examiner on May 8, 2014 at 6:00 p.m. in the Kittitas County Commissioners' Auditorium, 205 West 5th Room 109, Ellensburg, WA 98926. Anyone with an interest in this matter is urged to attend said hearing where testimony will be taken. Written comments will be received and documents may be viewed at CDS prior to the hearing. Interested persons are encouraged to verify prior to attending.

Kittitas County Hearing Examiner

May 8, 2014

**3160 Via Kachess
Shoreline Setback Variance
(SV-14-00001)**

Good Evening Mr. Hearing Examiner

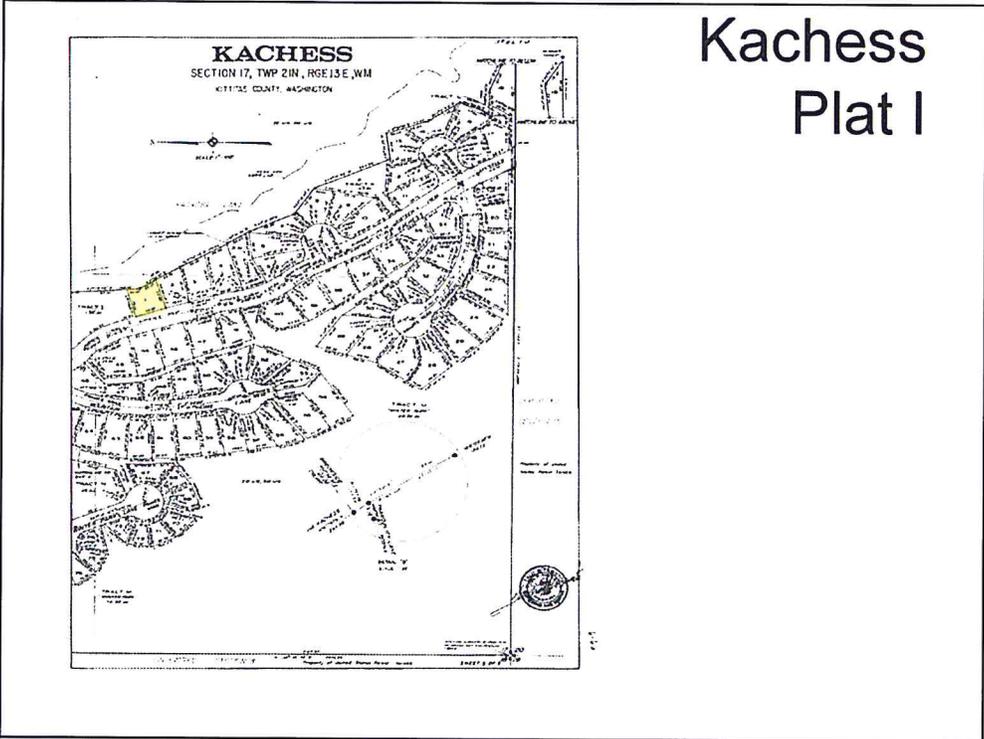

For the record

You have before you tonight for consideration the 3160 Via Kachess Shoreline Setback Variance...

Overview of Proposal

- Project acreage: 0.22 Acres
- Number of lots: 1 Lot, Plat Kachess I (recording #393674), no new lots proposed
- Water & Septic: Existing
- Land Use: Rural Working
- Zoning: Forest & Range

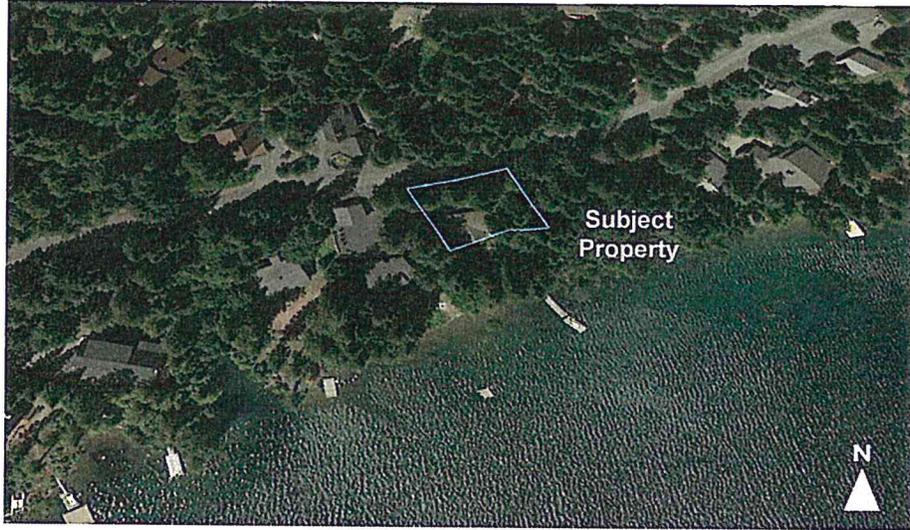

Richard Landen, landowner, submitted an application for a Structural Setback Shoreline Variance (SV-14-00001) with associated JARPA on March 10, 2014 to Kittitas County Community Development Services Department to allow for a remodel and addition to an existing residential structure, including a deck.

Kachess Plat I

#1 site on this plat.

Zoning: Forest and Range

Critical Areas Analysis

An administrative critical areas review was done in compliance with KCC 17A and found there to be critical areas on-site. The subject parcel is with in the Floodway & Floodplain, but the applicant has been granted a **LOMA by FEMA Case # 14-10-0523A, Index # 2**. The subject parcel is also with in shoreline jurisdiction and is abutting a L2USCH wetland (Lake Kachess).

Access

- This proposal is accessed at 3160 Via Kachess Road, Easton WA 98925.
- A new access permit will be required and is included as recommended condition #5 in the staff report.

Notices

- Application was submitted: March 10, 2014
- Revised Site Plan received: March 25, 2014
- Notice of Application: April 15, 2014
 - Comment Period ended: ~~May 8~~, 2014 April 30
 - Comments were received from: KC DPW, public comment from Doug Campbell & Andy Dulin & correspondence between the applicant and staff.

Application Index # 1. Revised Site Plan Index # 3. Notice of Application Index # 8. Comments Index # 11-14.

Consistency with Shoreline Master Program

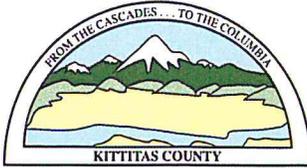

- WAC 173-27-170
- KCC Shoreline Master Program
 - Section 14: Shoreline Setback Regulations
 - Section 19: Protection of the Natural
Shoreline Features
 - Section 33: Residential
 - Section 40: Variance

Refer to staff report

Project Analysis

- Consistent with:
 - Comprehensive Plan
 - KCC 17 Zoning
 - KCC 17 A Critical Areas
 - KCC 14.08 Flood Damage Prevention
 - KCC 12 Roads and Bridges

Staff recommends approval of the 3160 Via Kachess Shoreline Variance as conditioned.

KITTTITAS COUNTY COMMUNITY DEVELOPMENT SERVICES

Office (509) 962-7506

Fax (509) 962-7682

STAFF REPORT

TO: Kittitas County Hearing Examiner

FROM: Lindsey Ozbolt, Planner II

DATE: May 8, 2014 (hearing date)

SUBJECT: 3160 VIA Kachess Shoreline Setback Variance (SV-14-00001)

I. BACKGROUND INFORMATION

Proposal:

Richard Landen, landowner, submitted an application for a Structural Setback Shoreline Variance (SV-14-00001) with associated JARPA on March 10, 2014 to Kittitas County Community Development Services Department to allow for a remodel and addition to an existing residential structure, including a deck. The Shoreline Master Program requires all single family residential development to be at least 100 feet landward of the Ordinary High Water Mark (OHWM). This proposal is located within the Conservancy Shoreline Designation. The request is for a variance to allow the structure to be no closer than approximately 58 feet from the OHWM of Lake Kachess.

Location:

The property is located on Lot 1, Plat of Kachess I (recording #393674), Via Kachess Rd., Easton, WA 98925, a portion of Section 17, T.21N, R.13E, W.M. in Kittitas County. Parcel number 21-13-17051-0001. The property is located on Lake Kachess in an established residential/recreation area. The Plat of Kachess was platted in the 1970s and many of the existing lots within the shoreline of Lake Kachess cannot meet the current shoreline and zoning setbacks. The parcel in question has approximately the following dimensions: a north property line of approximately 103.22 feet, east property line of approximately 106.99 feet, south property line of approximately 100.00 feet, and a west property line of approximately 99.62 feet. The total parcel is approximately 0.22 acres in size. The development of this lot and other lots in this plat are restricted by lot size, zoning, shoreline, and environmental regulations.

II. ADMINISTRATIVE REVIEW

Notice of Application:

A shoreline structural setback variance application was submitted to Kittitas County Community Development Services Department (CDS) on March 10, 2014. This application was deemed complete on March 31, 2014. The Notice of Application for the shoreline structural setback variance was issued on April 15, 2014. This notice was published in the official county paper of record and was mailed to jurisdictional government agencies, adjacent property owners and other interested parties. The last day

to submit written comments was on April 30, 2014.

III. COMPREHENSIVE PLAN

The Kittitas County Comprehensive Plan designates the subject property as Rural Working Land. Kittitas County has established the following goals and policies to guide activities within the rural lands. These goals and policies were developed in response to identified needs within the county, and support the County Wide Planning Policies:

GPO 2.2 – Protect, preserve, maintain, and enhance the County’s natural resource industry base, natural environment, and rural character, including but not limited to timber, agriculture, mineral, water and energy resources. The County shall avoid land use conflicts with its resource industry by applying low residential densities to lands adjacent to resource lands.

GPO 2.7 – Kittitas County will maintain a flexible balance of land uses which will protect, preserve, and enhance the rural character, historical forest lands, agriculture industries, mineral lands, and high quality environment.

GPO 8.1 – Rural lands are characterized by a lower level of services; mixed residential, agricultural and open space uses; broad visual landscapes and parcels of varying sizes, a variety of housing types and small unincorporated communities.

GPO 8.2 – Rural lands often have an established land use pattern that inhibits urban character and are generally, and anticipated to continue to be, served by septic systems and individual wells or small community water systems.

GPO 8.4 – Development in rural areas is subject to agricultural and forestry activities that may take place as a right on adjacent properties.

GPO 8.16 – Give preferences to land uses in Rural designated areas that are related to agriculture, rural residential development, tourism, outdoor recreation, and the other open space activities.

IV. AGENCY AND PUBLIC COMMENTS

Applicable agencies, adjacent property owners, and interested parties have been given the opportunity to review this proposal. All comments have been included as Exhibits in the Hearing Examiner packet.

V. PROJECT ANALYSIS

In review of this proposal it is important to consider the goals and policies of the comprehensive plan, applicable county code, public and agency comments, any identified environmental concerns and state and federal requirements. Identified below is planning staff’s analysis and consistency review for the subject application.

Consistency with the Comprehensive Plan:

The proposal is consistent with the goals and policies of the Kittitas County Comprehensive Plan. As referenced above in Section IV of this staff report, the following Comprehensive Plan

GPOs apply to this proposal: GPO 2.2, 2.7, 8.1, 8.2, 8.4, and 8.16.

Consistency with the Shoreline Master Program:

Lake Kachess is a shoreline of statewide significance. The Kittitas County Shoreline Master Program requires a 100-foot structural setback from the Ordinary High Water Mark. A variance from this requirement may be granted under extraordinary circumstances provided the applicant demonstrates the following [See WAC 173-27-170]:

- That the strict application of this requirement precludes or interferes with reasonable use of the property.
- That the hardship is specifically related to the property, and is the result of unique conditions such as irregular lot shape, size, or other natural features and the application program and not, for example, from deed restrictions or the applicant’s own actions.
- That the design of the project is compatible with other authorized uses within the area and with uses planned for the area under the comprehensive plan and shoreline master program and will not cause adverse impacts to the shorelines environment.
- That the variance will not constitute a grant of special privilege not enjoyed by the other properties in the area.
- That the variance is the minimum necessary to afford relief.
- That the public interest will suffer no substantial detrimental effect.

The site is located within the Conservancy shoreline environment that is characterized by recreational and natural resource related uses. The intent of this designation is to sustain natural resource development while maintaining the natural character of the shoreline area. Please review the following applicable sections from the Kittitas County Shoreline Master Program:

Section 14: Shoreline Setback Regulations

- (1) Shoreline Setback. All structures will be set back a minimum of 100 feet from the ordinary high water mark on all shorelines

Section 19: Protection of the Natural Shoreline Features

- (1) Resource Management. All constructions shall be designed to protect the adjacent shoreline lands against erosion, uncontrolled drainage, slides, pollution, excessive excavations and fills and other factors detrimental to the environment, and shoreline development shall not substantially diminish the natural quality or near natural qualities of nearby areas including the quality of the water involved.
- (2) Vegetation. Buffer strips of permanent vegetation between shoreline developments and associated water bodies are encouraged, and private and public land owners shall be responsible for the preservation of vegetation to minimize erosion within the shoreline area.
- (3) Project Area Restoration. Upon completion of installation of any substantial development which disrupts the environment, the disturbed areas shall be regarded to compatibility with the natural terrain and replanted to provide an attractive vegetation cover which is harmonious with the surrounding area and the project requirements.

Section 33: Residential

- (4) Conservancy Environment
 - (b) Single-family residences shall be permitted in a Conservancy Environment.

Section 40: Variance

(2) The applicant shall submit information or evidence demonstrating all of the following:

- (a) That the hardship that serves as basis for granting of a variance is specifically related to the property of the applicant.
- (b) That the hardship results from the application of the requirements of the Act and not from; example, deed restrictions or the applicant's own actions.
- (c) That the variance granted will be in harmony with the general purpose and intent of the Master Program.
- (d) That the public welfare and interest will be preserved.

Consistency with KCC 17 Zoning Code:

The subject property is located within the Forest & Range zoning district, which requires a 25' front yard setback, a 10-foot side yard, and a 10-foot rear-yard setback for all structures. The applicant may be required to apply for a zoning set back variance of the front and/or side zoning setbacks prior to approval of the building permit.

Consistency with KCC 17A Critical Areas:

An administrative site analysis was completed by Community Development Services in compliance with Title 17A, KCC. Consistent with similar setback variance development applications on this and other Type 1 Waters, the following provisions will apply to this proposal:

KCC 17A.010 Riparian habitat

KCC 17A.07.010(1) & (2)

Type 1 Waters: 40-200 feet from OHWM.

KCC 17A.07.010(3): Based on the criteria for buffer ranges specified in Sub-section C of this Section, a 40 foot riparian buffer shall be established landward from all edges of the ordinary high water mark.

KCC 17A.07.010(5): Natural Condition of Riparian Habitat Buffer: Riparian habitat buffer areas shall be retained in their natural condition or may be improved to enhance buffer functions and values. Where buffer disturbance has occurred during construction, re-vegetation with native vegetation may be required. The Kittitas County noxious weed ordinance shall be adhered to.

KCC 17A.07.010(6): Allowed Uses. Allowed uses are exempt activities and activities deemed by the administrator to be consistent with the purpose and function of the habitat buffer and which do not cause a significant adverse impact to the habitat and its buffer based on sensitivity of the habitat including but not limited to stock watering, utilization of water rights, trails, recreational uses, hunting, and fishing.

Consistency with KCC 14.08 Flood Damage Prevention

The property has received a Letter of Map Amendment (LOMA) from FEMA, therefore it is no longer considered to be within the regulatory floodplain. This LOMA was submitted to CDS

with the Shoreline Structural Setback Variance Application and has been assigned Case No. 14-10-0523A by FEMA. As conditioned this project is consistent.

Consistency with KCC 12 Roads and Bridges

As conditioned, this proposal is consistent with the provisions of KCC Title 12.

Agency Comments:

The following agencies provided comments during the comment period: Kittitas County Department of Public Works and Kittitas County Environmental Health Department. These comments have been included in the index file record and were considered when preparing the recommended conditions for this proposal.

Public Comments:

Public comments were submitted for this proposal at the time of staff review and were considered. They are attached to this staff report as part of the 3160 VIA Kachess Shoreline Structural Setback Variance index file.

VI. RECOMMENDATION

As conditioned below, staff finds that the application is not detrimental to the general public health, safety or welfare and meets the basic intent and criteria associated with Title 12, Title 14.06, Title 17, Title 17A of the Kittitas County Code, the Kittitas County Comprehensive Plan and the Kittitas County Shoreline Master Program. Staff recommends approval of the 3160 VIA Kachess Shoreline Structural Setback Variance application, subject to the following findings of fact and conditions:

Staff Findings of Fact

1. Richard Landen, landowner, submitted an application for a Structural Setback Shoreline Variance (SV-14-00001) with associated JARPA on March 10, 2014 to Kittitas County Community Development Services Department to allow for a remodel and addition to an existing residential structure, including a deck. The Shoreline Master Program requires all single family residential development to be at least 100 feet landward of the Ordinary High Water Mark (OHWM). This proposal is located within the Conservancy Shoreline Designation. The request is for a variance to allow the structure to be no closer than approximately 58 feet from the OHWM of Lake Kachess.
2. This proposal encompasses 1 parcel, located at 3160 Via Kachess Road, Easton, Washington along Lake Kachess, in a portion of Section 17, T21N, R13E, WM in Kittitas County, bearing Assessor's map number 21-13-17050-0001.
3. The Comprehensive Plan designation is "Rural Working Land."
4. The subject property is zoned "Forest and Range."
5. A shoreline structural setback variance application was submitted to Kittitas County Community Development Services Department (CDS) on March 10, 2014. This application was deemed complete on March 31, 2014. The Notice of Application for the shoreline structural setback variance was issued on April 15, 2014. This notice was published in the

official county paper of record and was mailed to jurisdictional government agencies, adjacent property owners and other interested parties. The last day to submit written comments was on April 30, 2014.

6. The proposal is consistent with the goals and policies of the Kittitas County Comprehensive Plan. As referenced above in Section IV of this staff report, the following Comprehensive Plan GPOs apply to this proposal: GPO 2.2, 2.7, 8.1, 8.2, 8.4, and 8.16.
7. Staff has reviewed the Shoreline Master Program and has concluded that the applicant has demonstrated the following criteria has been met pursuant to WAC 173-27-170 and Section 40 of the Kittitas County Shoreline Master Program:
 - a. The strict application of this requirement precludes or interferes with reasonable use of the subject property, and;
 - b. That this hardship is specifically related to the property, resulting from unique conditions including lot shape, size, and other natural features.
 - c. That the residential nature of the proposal is compatible with other authorized uses within the area and with uses planned for the area under the comprehensive plan and shoreline master program and will not cause adverse impacts to the shorelines environment.
 - d. The variance will not constitute a grant of special privilege not enjoyed by the other properties in the area; and,
 - e. The variance is the minimum necessary to afford relief; and,
 - f. That the public interest will suffer no substantial detrimental effect.
8. This proposal is consistent with KCC 17, specifically KCC 17.56 as conditioned.
9. Staff conducted an administrative critical area review in accordance with KCC 17A. As conditioned, this proposal is compatible.
10. This proposal is consistent with KCC 14.08, as conditioned.
11. This proposal is consistent with KCC 12, as conditioned.
12. The following agencies provided comments during the comment period: Kittitas County Department of Public Works and Kittitas County Department of Environmental Health. These comments have been included in the index file record and were considered when preparing the recommended conditions for this proposal.
13. Public comments were submitted for this proposal at the time of staff review and were considered. They have been included in the index file record.

Staff Conclusions:

1. As conditioned, the proposal meets the goals, policies and implementation recommendations as set forth in the Kittitas County Comprehensive Plan.
2. As conditioned, the proposal meets the variance process as described in WAC 173-27-170

and the requirements of the Kittitas County Shoreline Master Program.

3. As conditioned, this proposal is consistent with applicable federal and state laws and regulations.
4. Public use and interest will be served by approval of this proposal.
5. As conditioned, the proposal is consistent with Kittitas County Code Title 17 Zoning, Title 17A Critical Areas, Title 14.06 Flood Damage Prevention Code, and Title 12 Roads and Bridges.

Recommended Conditions of Approval:

1. Any structure on the property shall not be constructed any closer than 58 feet landward of the OHWM.
2. A zoning setback variance may be required prior to issuance of the building permit for the front and/or side yard setbacks.
3. Based on the criteria for riparian habitat specified in Title 17A.07.010(5), the natural condition of the riparian lands that in this case encompass all of the parcel shall be retained in its natural condition. Where disturbance has occurred, during construction, re-vegetation with native vegetation is required. The Kittitas County Noxious Weed ordinance shall be adhered to.
4. Floodplain: This property received a LOMA from FEMA and is no longer considered to be within the regulatory floodplain. Case No. 14-10-0523A.
5. Access: This project proposes a new access from the county road. An access permit must be applied for and issued prior to beginning any work within the county right-of-way. Access must be completed prior to issuance of a building permit.

Re: SV-14-00001

Dear Ms. Ozbolt:

Thank you for the opportunity to comment on the notice of application for the structural setback shoreline variance, proposed by Richard Landen. We have reviewed the application and have the following comment.

SHORELANDS/ENVIRONMENTAL ASSISTANCE

As part of a complete shoreline permit filing with Ecology, the applicant must provide an explanation regarding how impacts to the riparian area of the new design were minimized. (WAC 173-27-170) (For example, why does the proposed deck size need to be as large as is proposed and why can't the expansion be located landward instead of waterward in order to achieve needed space and access?). The proposed design appears to more than double the existing house/development footprint.

The elevation of the Ordinary High Water Mark on provided drawings is set at the Dam spillway elevation. This does not take into account wind and wave action, which would probably cause the Ordinary High Water Mark line to actually be higher in elevation than the Dam spillway elevation would be. The correct location of the OHWM must be shown on submitted shoreline documents.

For a complete shoreline permit filing, any new utility lines outside of the proposed house footprint and all easements should also be shown on submitted site maps.

If you have any questions or would like to respond to these Shorelands/Environmental Assistance comments, please contact **Catherine Reed** at (509) 575-2616.

Application is for a Structural Setback Shoreline Variance with associated JARPA to allow for a remodel and addition to an existing residential structure including a deck. The Shoreline Master Program requires all single family residential development to be at least 100 feet landward of the Ordinary High Water Mark (OHWM). The request is for a variance to allow the structure to be no closer than approximately 58 feet from the OHWM of Lake Kachess. The site is located at 3160 VIA Kachess Road, Easton, WA along Lake Kachess, in a portion of Section 17, T21N, R13E, WM in Kittitas County, bearing Assessor's map number 21-13-17050-0001.

RE: Transmittal of Comments – 3160 VIA Kachess Shoreline Variance application (SV-14-00001)

Dear Mr. Landen:

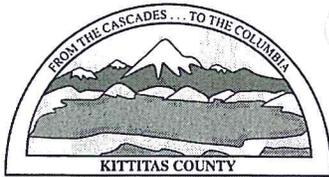

Enclosed are the comments received regarding the 3160 VIA Kachess Shoreline Variance application (SV-14-00001):

| | |
|----------------|--|
| April 16, 2014 | Public Comment – Doug Campbell |
| April 21, 2014 | Public Comment – Andy Dulin |
| April 24, 2014 | Email communication between applicant and county staff |
| May 2, 2014 | Kittitas County Department of Public Works – Christina Wollman |

Please review all comments and notify me of any questions. I will be completing my staff report for the Hearing Examiner hearing based in part on the comments received.

Sincerely,

Lindsey Ozbolt
Staff Planner

KITTITAS COUNTY DEPARTMENT OF PUBLIC WORKS

MEMORANDUM

TO: Lindsey Ozbolt
FROM: Christina Wollman, Planner III *CW*
DATE: May 2, 2014
SUBJECT: 3160 Via Kachess Shoreline Variance SV-14-00001

The Department of Public Works has reviewed the permit for the shoreline variance at 3160 Via Kachess Road and has the following comments:

- A. Floodplain: This property received a LOMA from FEMA and is no longer considered to be within the regulatory floodplain. Case No. 14-10-0523A.
- B. Access: This project proposes a new access from the county road. An access permit must be applied for and issued prior to beginning any work within the county right of way. Access must be completed prior to issuance of a building permit.

Federal Emergency Management Agency

Washington, D.C. 20472

LETTER OF MAP AMENDMENT DETERMINATION DOCUMENT (REMOVAL)

| 1 | - | Kachess | 3160 Via Kachess Road | Property | C | - | - | 2272.1 feet |

Special Flood Hazard Area (SFHA) - The SFHA is an area that would be inundated by the flood having a 1-percent chance of being equaled or exceeded in any given year (base flood).

ADDITIONAL CONSIDERATIONS (Please refer to the appropriate section on Attachment 1 for the additional considerations listed below.)

ZONE A
STUDY UNDERWAY

This document provides the Federal Emergency Management Agency's determination regarding a request for a Letter of Map Amendment for the property described above. Using the information submitted and the effective National Flood Insurance Program (NFIP) map, we have determined that the property(ies) is/are not located in the SFHA, an area inundated by the flood having a 1-percent chance of being equaled or exceeded in any given year (base flood). This document amends the effective NFIP map to remove the subject property from the SFHA located on the effective NFIP map; therefore, the Federal mandatory flood insurance requirement does not apply. However, the lender has the option to continue the flood insurance requirement to protect its financial risk on the loan. A Preferred Risk Policy (PRP) is available for buildings located outside the SFHA. Information about the PRP and how one can apply is enclosed.

This determination is based on the flood data presently available. The enclosed documents provide additional information regarding this determination. If you have any questions about this document, please contact the FEMA Map Assistance Center toll free at (877) 336-2627 (877-FEMA MAP) or by letter addressed to the Federal Emergency Management Agency, LOMC Clearinghouse, 847 South Pickett Street, Alexandria, VA 22304-4605.

 Luis Rodriguez, P.E., Chief
 Engineering Management Branch
 Federal Insurance and Mitigation Administration

Federal Emergency Management Agency

Washington, D.C. 20472

LETTER OF MAP AMENDMENT DETERMINATION DOCUMENT (REMOVAL)

ATTACHMENT 1 (ADDITIONAL CONSIDERATIONS)

ZONE A (This Additional Consideration applies to the preceding 1 Property.)

The National Flood Insurance Program map affecting this property depicts a Special Flood Hazard Area that was determined using the best flood hazard data available to FEMA, but without performing a detailed engineering analysis. The flood elevation used to make this determination is based on approximate methods and has not been formalized through the standard process for establishing base flood elevations published in the Flood Insurance Study. This flood elevation is subject to change.

STUDY UNDERWAY (This Additional Consideration applies to all properties in the LOMA DETERMINATION DOCUMENT (REMOVAL))

This determination is based on the flood data presently available. However, the Federal Emergency Management Agency is currently revising the National Flood Insurance Program (NFIP) map for the community. New flood data could be generated that may affect this property. When the new NFIP map is issued it will supersede this determination. The Federal requirement for the purchase of flood insurance will then be based on the newly revised NFIP map.

This attachment provides additional information regarding this request. If you have any questions about this attachment, please contact the FEMA Map Assistance Center toll free at (877) 336-2627 (877-FEMA MAP) or by letter addressed to the Federal Emergency Management Agency, LOMC Clearinghouse, 847 South Pickett Street, Alexandria, VA 22304-4605.

Mr. Landen,

In addition to the information and requirements Christina Wollman described below, the building permit will not be allowed to be issued prior to approval of the Shoreline Variance from both Kittitas County Board of County Commissioners and the Department of Ecology.

Subject: RE: re: CDS inquiry

A flood permit is not required because the property received a LOMA.

However, as I mentioned in the previous emails an access permit will be required. Due to the complexity of the proposal, review and approval by the county engineer will be required and this process is suggested to be started as soon as possible. You will not be able to be issued the building permit until the access design is approved and the access is either completed or bonded for.

Dick,

A building permit may be applied for and submitted before the shoreline variance is approved, however, it is at your own risk, and if by chance the variance is not approved, then the building permit deposit will be forfeited since the deposit is non-refundable, you will be responsible for any plan review fees, and we will not be able to issue the permit.

Before submitting for the building permit you must have these two items approved and issued:

1) Water Availability Approval from public health (this must be approved before we can allow plans to be submitted) IF any plumbing is added) 509-962-7515

2) flood development permit issued by public works 509-962-7523

To have a complete building permit submittal you must have:

- Water Availability Approval from public health
- flood development permit issued
- 2 sets of construction drawings stamped by an wa state engineer or architect
- 2 sets of engineering calculations stamped by an wa state engineer or architect
- WA state Energy Code Worksheet completed
- individual truss sheets if applicable
- site plan
- \$200 deposit cash or check

Let me know if you have any questions,

Thanks

I have an ongoing Shoreline Variance application # SV-14-00001 3160 Via Kachess.

The question is: When we have our remodel plans completed, can we submit for a building permit as a parallel process to our variance review before that process is completed?

Our goal being to keep the whole process moving to get as much of the paperwork done, while making the assumption that the variance will be approved-taking the risk that some changes may be requested.

The building season is so short in Upper county that we want to take advantage of every day possible.

thank you, Dick landen

And one more thing I should mention is the use of the county right of way during construction. Space is very limited at your site and you may need to block a lane of traffic at times or use the shoulder as a materials staging site. If this is the case, you or your contractor will need to apply for a work in the right of way permit from Public Works and provide a traffic control plan.

Thank you,

Christina Wollman, AICP CFM

Ms. Lindsey Orholt.

I am totally supportive of Richard Landen's variance request. Lake Kachess, is a man made lake, should water rise, it will simply spill over the dam, located at the SE corner of the lake.

Subject: Kachess Shoreline setback (SV-14-00001)

Follow Up Flag: Follow up
Flag Status: Completed

Reviewed your file at your office and discussed it with another planner. Have a couple of comments on omissions noticed.

1. Appears you did not realize that the US Government owns land, managed by the United States Forest Service (USFS), between the ordinary high water level (OHWM) and the original take line. The Bu of Reclamation manages all lands up to the OHWM . The data on Lake Cle Elum shows this type of ownership. but it is not shown on your Lake Kachess map data.
The request could affect the US Government owned lands, managed by the USFS, or be in violation of required setbacks from property lines. Property corners were all in place about 20 years ago- not sure now- but it needs to be addressed for allowable setbacks from other property ownership. An educated guess would be that the applicant property line is the Government land boundary, which puts the proposal very close to the property line.
2. The USFS and Bu of Reclamation are not on your public agency notification list. They need to be notified. The Bu of Reclamation may have some important input due to proposed raising of lake levels for future water storage.

Appreciate the opportunity to review and comment

NOTICE OF APPLICATION

Notice of Application: Tuesday, April 15, 2014
Application Received: Monday, March 10, 2014
Application Complete: Monday, March 31, 2014

Project Name (File Number): 3160 VIA Kachess Shoreline Structural Setback Variance (SV-14-00001)
Applicant: Richard Landen, landowner

Location: 1 parcel, located at 3160 Via Kachess Road, Easton, Washington along Lake Kachess, in a portion of Section 17, T21N, R13E, WM in Kittitas County, bearing Assessor's map number 21-13-17050-0001.

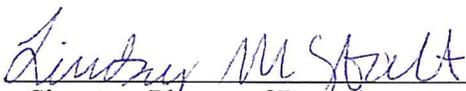

Proposal: Richard Landen has submitted a Structural Setback Shoreline Variance application with associated JARPA to allow for a remodel and addition to an existing residential structure including a deck. The Shoreline Master Program requires all single family residential development to be at least 100 feet landward of the Ordinary High Water Mark (OHWM). The request is for a variance to allow the structure to be no closer than approximately 58 feet from the OHWM of Lake Kachess.

Materials Available for Review: The submitted application and related filed documents may be examined by the public at the Kittitas County Community Development Services (CDS) office at 411 N. Ruby, Suite 2, Ellensburg, Washington, 98926, or on the CDS website at [http://www.co.kittitas.wa.us/cds/land-use/current-planning.aspx?title=Shoreline Variances](http://www.co.kittitas.wa.us/cds/land-use/current-planning.aspx?title=Shoreline%20Variances).
Phone: (509) 962-7506

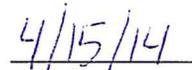

Written Comments on this proposal can be submitted to CDS any time prior to 5:00 p.m. on Wednesday, April 30, 2014. Any person has the right to comment on the application and request a copy of the decision once made.

Public Hearing: An open record hearing has been scheduled before the Kittitas County Hearing Examiner on **May 8, 2014 at 6:00 p.m.** in the Kittitas County Commissioners' Auditorium, 205 West 5th Room 109, Ellensburg, WA 98926. Anyone with an interest in this matter is urged to attend said hearing where testimony will be taken. Written comments will be received and documents may be viewed at CDS prior to the hearing. Interested persons are encouraged to verify prior to attending.

NOTICE OF APPLICATION

Project Name (File Number): 3160 VIA Kachess Shoreline Structural Setback Variance (SV-14-00001)
Applicant: Richard Landen, landowner

Location: 1 parcel, located at 3160 Via Kachess Road, Easton, Washington along Lake Kachess, in a portion of Section 17, T21N, R13E, WM in Kittitas County, bearing Assessor's map number 21-13-17050-0001.

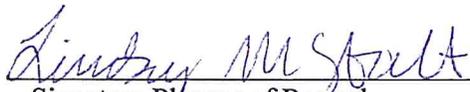

Proposal: Richard Landen has submitted a Structural Setback Shoreline Variance application with associated JARPA to allow for a remodel and addition to an existing residential structure including a deck. The Shoreline Master Program requires all single family residential development to be at least 100 feet landward of the Ordinary High Water Mark (OHWM). The request is for a variance to allow the structure to be no closer than approximately 58 feet from the OHWM of Lake Kachess.

Materials Available for Review: The submitted application and related filed documents may be examined by the public at the Kittitas County Community Development Services (CDS) office at 411 N. Ruby, Suite 2, Ellensburg, Washington, 98926, or on the CDS website at <http://www.co.kittitas.wa.us/cds/land-use/current-planning.aspx?title=ShorelineVariances>. Phone: (509) 962-7506

Kittitas County has received the above referenced land use application; see attached Notice of Application memo for details. Agencies within the county network may review the “Dynamic Master File” on the county server via the above internal link. Agencies outside of the county network may view the individual and ongoing documentation by following the above external link. Comments within the body of an email are encouraged, but may be submitted as attachments or via US Mail.

The comment period for this application closes Wednesday, April 30, 2014. The open record hearing before the Kittitas County Hearing Examiner is scheduled for Thursday, May 8, 2014.

Feel free to contact me if you have any additional questions.

NOTICE OF APPLICATION

Notice of Application: Tuesday, April 15, 2014
Application Received: Monday, March 10, 2014
Application Complete: Monday, March 31, 2014

Project Name (File Number): 3160 VIA Kachess Shoreline Structural Setback Variance (SV-14-00001)
Applicant: Richard Landen, landowner

Location: 1 parcel, located at 3160 Via Kachess Road, Easton, Washington along Lake Kachess, in a portion of Section 17, T21N, R13E, WM in Kittitas County, bearing Assessor's map number 21-13-17050-0001.

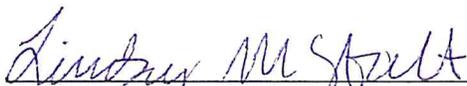

Proposal: Richard Landen has submitted a Structural Setback Shoreline Variance application with associated JARPA to allow for a remodel and addition to an existing residential structure including a deck. The Shoreline Master Program requires all single family residential development to be at least 100 feet landward of the Ordinary High Water Mark (OHWM). The request is for a variance to allow the structure to be no closer than approximately 58 feet from the OHWM of Lake Kachess.

Materials Available for Review: The submitted application and related filed documents may be examined by the public at the Kittitas County Community Development Services (CDS) office at 411 N. Ruby, Suite 2, Ellensburg, Washington, 98926, or on the CDS website at [http://www.co.kittitas.wa.us/cds/land-use/current-planning.aspx?title=Shoreline Variances](http://www.co.kittitas.wa.us/cds/land-use/current-planning.aspx?title=Shoreline%20Variances).
Phone: (509) 962-7506

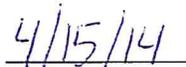

Written Comments on this proposal can be submitted to CDS any time prior to 5:00 p.m. on Wednesday, April 30, 2014. Any person has the right to comment on the application and request a copy of the decision once made.

Public Hearing: An open record hearing has been scheduled before the Kittitas County Hearing Examiner on **May 8, 2014 at 6:00 p.m.** in the Kittitas County Commissioners' Auditorium, 205 West 5th Room 109, Ellensburg, WA 98926. Anyone with an interest in this matter is urged to attend said hearing where testimony will be taken. Written comments will be received and documents may be viewed at CDS prior to the hearing. Interested persons are encouraged to verify prior to attending.

NOTICE OF APPLICATION

Project Name (File Number): 3160 VIA Kachess Shoreline Structural Setback Variance (SV-14-00001)

Applicant: Richard Landen, landowner

Location: 1 parcel, located at 3160 Via Kachess Road, Easton, Washington along Lake Kachess, in a portion of Section 17, T21N, R13E, WM in Kittitas County, bearing Assessor's map number 21-13-17050-0001.

Proposal: Richard Landen has submitted a Structural Setback Shoreline Variance application with associated JARPA to allow for a remodel and addition to an existing residential structure including a deck. The Shoreline Master Program requires all single family residential development to be at least 100 feet landward of the Ordinary High Water Mark (OHWM). The request is for a variance to allow the structure to be no closer than approximately 58 feet from the OHWM of Lake Kachess.

Materials Available for Review: The submitted application and related filed documents may be examined by the public at the Kittitas County Community Development Services (CDS) office at 411 N. Ruby, Suite 2, Ellensburg, Washington, 98926, or on the CDS website at [http://www.co.kittitas.wa.us/cds/land-use/current-planning.aspx?title=Shoreline Variances](http://www.co.kittitas.wa.us/cds/land-use/current-planning.aspx?title=Shoreline%20Variances). Phone: (509) 962-7506

Written Comments on this proposal can be submitted to CDS any time prior to 5:00 p.m. on Wednesday, April 30, 2014. Any person has the right to comment on the application and request a copy of the decision once made.

Public Hearing: An open record hearing has been scheduled before the Kittitas County Hearing Examiner on **May 8, 2014 at 6:00 p.m.** in the Kittitas County Commissioners' Auditorium, 205 West 5th Room 109, Ellensburg, WA 98926. Anyone with an interest in this matter is urged to attend said hearing where testimony will be taken. Written comments will be received and documents may be viewed at CDS prior to the hearing. Interested persons are encouraged to verify prior to attending.

AFFIDAVIT OF POSTING KITITITAS COUNTY

Effective July 19, 2007, Kittitas County Code requires all project actions that are not processed administratively to have a notice posted at the site of the project. Per KCC 15A.03.110 the following applies:

- 1. The applicant shall post the subject property with signs as required by Community Development Services.
2. Signs shall be posted on each road frontage on the subject property and shall be clearly visible and accessible.
3. Signs shall be posted and on-site prior to the issuance of a Notice of Application.
4. The sign shall be posted in a sturdy manner to remain on-site until fifteen days after the expiration of the Notice of Decision appeal period. It shall be the responsibility of the applicant to properly dispose of the sign.
5. At the time of development application, Community Development Services will identify the number of signs needed and the general location of each sign on the subject property.
6. It shall be the responsibility of the applicant to place the structure on which the sign will be posted on site. At such time the structure and sign is in place, the applicant shall contact Community Development Services.

Table with 2 columns: DATE: March 31, 2014; PLANNER: Lindsey Ozbolt

Table with 2 columns: PROJECT NAME: VIA Kachess Shoreline Setback Variance; FILE NUMBER: SV-14-00001

PLEASE COMPLETE THE FOLLOWING:

I, Richard Landen, certify that I am the landowner and/or authorized agent responsible for the posting of this land use project site and further certify that the site has been posted as required by Kittitas County Code. I understand that the required posting period begins immediately and ends 15 days after the ending of the appeal period on the Notice of Decision and the sign(s) will be posted at the site until this time. Failure to post the site and return this form to Community Development Services in a timely manner will result in a delay of the application review for the project.

Richard Landen
Signature

March 31, 2014
Date

Please return the above certification to CDS; Fax at 509-962-7682; or mail to; Community Development Services, 411 North Ruby Street, Suite 2, Ellensburg, WA 98926.

RE: *SV-14-00001 Via Kachess*

Dear *Mr. Landen*,

Your application received *March 10, 2014* for a *Shoreline Variance* has been received. The proposal would *allow for development within shoreline jurisdiction*. The property is located at *3160 Via Kachess, Easton Washington 98925*. This application has been deemed complete as of the date of this letter.

Your application meets the requirements of KCC 16.12.010 for a complete application. The County may request additional information during review of your application. Continued processing of your application will include, but not be limited to the following actions:

1. According to KCC 15A.030.060, a Notice of Application will be sent to the public (adjacent landowners), Kittitas County departments, and non-County governmental agencies inviting written comments on this proposal. Because this proposal is for a shoreline setback variance, the public comment period will be 15 days, according to Chapter 15 Table A. **Note: Please contact Community Development Services to pick-up the site posting sign and for instructions for posting notice signs at the site as outlined in KCC 15A.03.110. Processing of your application will continue once the site is posted.**
2. Requests for clarification, amendments, or additional information will be sent to you following the public comment period.
3. The consideration of written comments from adjacent property owners and public agencies will be used to analyze environmental impacts and compliance with Kittitas County Code.
4. As requested by the County, additional materials and/or revised site plan drawings may be required before this matter is brought before the Hearing Examiner.
5. An open-record hearing will be scheduled before the Kittitas County Hearing Examiner at a date to be determined, where this application will be considered.
6. Following the hearing, the Hearing Examiner will make a recommendation to the Board of County Commissioners. The Board of County Commissioners will consider the Hearing Examiner recommendation and make a decision on the shoreline setback variance. Finally, that decision by the Board of County Commissioners will be sent to Department of Ecology where they will make a final decision.

If you have any questions regarding this matter, please feel free to contact me at (509)962- 7637 or by email at lindsey.ozbolt@co.kittitas.wa.us.

Sincerely,

Lindsey Ozbolt
Staff Planner

Critical Areas Checklist

Application File Number SV-14-00001

Planner Lindsey Ozbolt

Is SEPA required Yes No

Is Parcel History required? Yes No

What is the Zoning? Forest and Range

Is Project inside a Fire District? Yes No

If so, which one? Fire District 8 (Kachess)

Is the project inside an Irrigation District? Yes No

If so, which one?

Does project have Irrigation Approval? Yes No

Which School District? Easton School District

Is the project inside a UGA? Yes No

If so which one?

Is there FIRM floodplain on the project's parcel? Yes No *Letter of Map Amendment approved by FEMA on 1/21/14*

If so which zone? A

What is the FIRM Panel Number? 5300950125B

Is the Project parcel in the Floodway? Yes No

Does the project parcel contain a shoreline of the State? Yes No

If so what is the Water Body? *Kachess Lake*

What is the designation? *Conservancy*

Does the project parcel contain a Classified Stream? Yes No

If so what is the Classification?

Does the project parcel contain a wetland? Yes No

If so what type is it?

Does the project parcel intersect a PHS designation? Yes No

If so, what is the Site Name?

Is there hazardous slope in the project parcel? Yes No

If so, what type?

Does the project parcel abut a DU road? Yes No

If so, which one?

Does the project parcel abut a Forest Service road? Yes No

If so, which one?

Does the project parcel intersect an Airport overlay zone? Yes No

If so, which Zone is it in?

Does the project parcel intersect a BPA right of way or line? Yes No

If so, which one?

Is the project parcel in or near a Mineral Resource Land? Yes No

If so, which one?

Is the project parcel in or near a DNR Landslide area? Yes No

If so, which one?

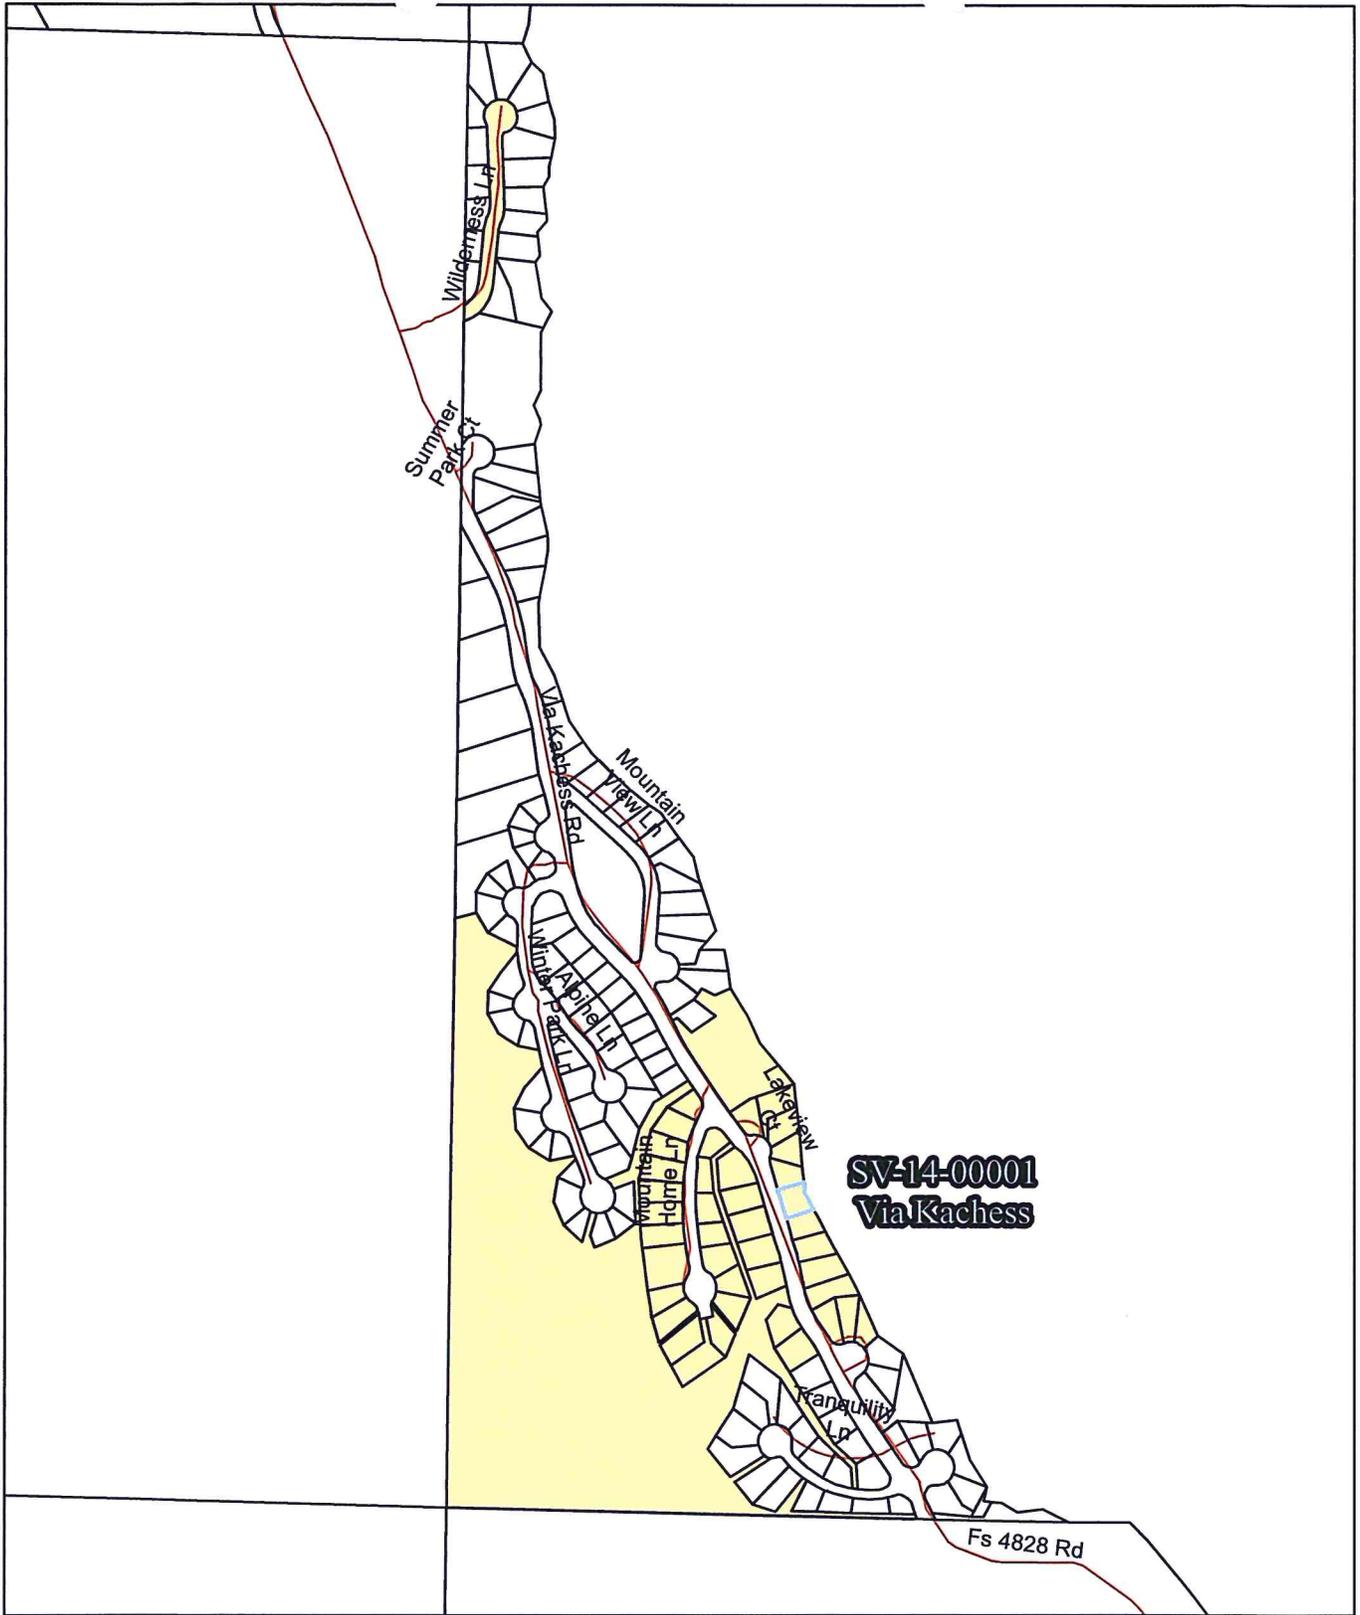

Is the project parcel in or near a Coal Mine area? Yes No

What is the Seismic Designation? D1

Does the Project Application have a Title Report Attached?

Does the Project Application have a Recorded Survey Attached?

Have the Current Years Taxes been paid?

SHORELINE PERMITTING

(For projects located within 200 feet of a body of water under the jurisdiction of the Shoreline Master Program)

The following bodies of water are under the jurisdiction of the Shoreline Master Program: (*denotes portion of shoreline requiring 200' setback)

- | | | |
|------------------------------------|--------------------------|--|
| Little Creek | Lake Keechelus | Lake Kachess* |
| Cabin Creek | Lake Cle Elum | Lake Easton |
| Log Creek | Lost Lake* | Cle Elum River |
| Swauk Creek | Unnamed Lakes (T21,R12)* | Columbia River* |
| Wilson Creek (S. of Ellensburg) | Tucquala Lake* | Yakima River* |
| Naneum Creek | Cooper Lake* | Kachess River |
| Taneum Creek | Manastash Lake* | Teanaway River (Includes: West, Middle, North Forks) |
| Manastash Creek (Includes S. Fork) | Big Creek | |

The County uses the **Joint Aquatic Resources Permit Application (JARPA)** form for all applications located within the jurisdiction of the Shoreline Management Plan, including projects within 200' of the bodies of water listed above. For reference, the first page of the 2012 JARPA is attached to this cover sheet.

To apply for a Shoreline Permit, please submit a **completed** JARPA form along with this cover letter.

You may request a copy of the JARPA form from Community Development Services, or download the form here: http://www.epermitting.wa.gov/site/alias_resourcecenter/jarpa_jarpa_form/9984/jarpa_form.aspx

Please check the box next to the type of shoreline permit you are requesting:

- Shoreline Structural Setback Variance (Fee: \$1,520 to CDS)
- Shoreline Substantial Development Permit (Fee: CDS: \$1,560+ SEPA, if not exempt: \$560 (CDS: \$490, PW: \$70))
- Shoreline Conditional Use Permit (Fee: CDS: \$1,560+ SEPA, if not exempt: \$560 (CDS: \$490, PW: \$70)), if not processed together with a Shoreline Substantial Development Permit)
- Shoreline Exemption
- Other (please define): _____

APPLICATION FEES:

¹Additional forms may be required for the following permits:

- If your project may qualify for Department of the Army authorization through a Regional General Permit (RGP), contact the U.S. Army Corps of Engineers for application information (206) 764-3495.
- If your project might affect species listed under the Endangered Species Act, you will need to fill out a Specific Project Information Form (SPIF) or prepare a Biological Evaluation. Forms can be found at <http://www.nws.usace.army.mil/Missions/CivilWorks/Regulatory/PermitGuidebook/EndangeredSpecies.aspx>.
- Not all cities and counties accept the JARPA for their local Shoreline permits. If you need a Shoreline permit, contact the appropriate city or county government to make sure they accept the JARPA.

²To access an online JARPA form with [\[help\]](#) screens, go to http://www.epermitting.wa.gov/site/alias_resourcecenter/jarpa_jarpa_form/9984/jarpa_form.aspx.

For other help, contact the Governor's Office for Regulatory Innovation and Assistance at (800) 917-0043 or help@ora.wa.gov.

Part 3—Authorized Agent or Contact

Person authorized to represent the applicant about the project. (Note: Authorized agent(s) must sign 11b of this application.) [\[help\]](#)

| | | | |
|---|----------------------|----------------|-------------------|
| 3a. Name (Last, First, Middle) | | | |
| n/a | | | |
| 3b. Organization (If applicable) | | | |

| Royal, Charles | 16418 NE 197 th Pl, Woodinville, WA 98072 | Lot 1-43 | |
| | | | |
| | | | |

| |
|--|
| 5i. List all wetlands on or adjacent to the project location. [help] |
| n/a |
| 5j. List all waterbodies (other than wetlands) on or adjacent to the project location. [help] |
| Lake Kachess |
| 5k. Is any part of the project area within a 100-year floodplain? [help] |
| <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No <input type="checkbox"/> Don't know |
| 5l. Briefly describe the vegetation and habitat conditions on the property. [help] |
| Sloping forest land down to edge of Lake Kachess. Property line abuts a DNR zone that is between the lake and the property. Mature old growth trees and very little undergrowth. No residing animals or nests. |
| 5m. Describe how the property is currently used. [help] |
| A recreation residence is on the property and was permitted and built around 1981. It is setback from the lakeshore toward the Kittitas county road (Via Kachess), On the West side of Lake Kachess. |
| 5n. Describe how the adjacent properties are currently used. [help] |
| Immediate North lot is presently vacant with septic installed and ready to build a residence. Immediate South property is a recreational residence and garage. Both abut DNR land and subsequently the lakeshore. Other properties along the road have residences on them and adjoin the lake side of Via Kachess or the West side of the road. The entire Kachess Village is platted for recreational residences or common areas. |
| 5o. Describe the structures (above and below ground) on the property, including their purpose(s) and current condition. [help] |
| The residence is a Pan Abode construction with metal roof and is in very good shape for its thirty year existence. A typical A frame construction with a daylight basement on the lake side. Recreational use only, not rented or leased to anyone and is for owner and family recreation only. |
| 5p. Provide driving directions from the closest highway to the project location, and attach a map. [help] |
| Approximately 5 miles East from Interstate 90 (at exit 62) via Lake Kachess Road to Via Kachess Road. Fully paved and accessible all year long, with county snow plowing during winter months along both roads. |

2

Part 6–Project Description

6a. Briefly summarize the overall project. You can provide more detail in 6b. [\[help\]](#)

A remodel addition to the existing structure inside and out to create an ADA access/mobility use.

6b. Describe the purpose of the project and why you want or need to perform it. [\[help\]](#)

Recently, a family member was injured and is now a quadriplegic. The structure as it now exists is not wheelchair accessible nor suitable for maneuverability, ie, no driveway access from Via Kachess and on a sloping terrain narrow interiors and multi floor. We need to create a garage structure for loading/unloading under cover; add an elevator for accessing the floors; add a special living quarters/bathroom that can accommodate a disabled person; and create mobility spaces in the general areas; all without tearing down the perfectly good and usable original structure-which will still be used by other family members.

6c. Indicate the project category. (Check all that apply) [\[help\]](#)

- Commercial Residential Institutional Transportation Recreational
 Maintenance Environmental Enhancement

6d. Indicate the major elements of your project. (Check all that apply) [\[help\]](#)

- | | | | |
|---|---|--|--|
| <input type="checkbox"/> Aquaculture | <input type="checkbox"/> Culvert | <input type="checkbox"/> Float | <input type="checkbox"/> Retaining Wall (upland) |
| <input type="checkbox"/> Bank Stabilization | <input type="checkbox"/> Dam / Weir | <input type="checkbox"/> Floating Home | <input type="checkbox"/> Road |
| <input type="checkbox"/> Boat House | <input type="checkbox"/> Dike / Levee / Jetty | <input type="checkbox"/> Geotechnical Survey | <input type="checkbox"/> Scientific Measurement Device |
| <input type="checkbox"/> Boat Launch | <input type="checkbox"/> Ditch | <input type="checkbox"/> Land Clearing | <input type="checkbox"/> Stairs |
| <input type="checkbox"/> Boat Lift | <input type="checkbox"/> Dock / Pier | <input type="checkbox"/> Marina / Moorage | <input type="checkbox"/> Stormwater facility |
| <input type="checkbox"/> Bridge | <input type="checkbox"/> Dredging | <input type="checkbox"/> Mining | <input type="checkbox"/> Swimming Pool |
| <input type="checkbox"/> Bulkhead | <input type="checkbox"/> Fence | <input type="checkbox"/> Outfall Structure | <input type="checkbox"/> Utility Line |
| <input type="checkbox"/> Buoy | <input type="checkbox"/> Ferry Terminal | <input type="checkbox"/> Piling/Dolphin | |
| <input type="checkbox"/> Channel Modification | <input type="checkbox"/> Fishway | <input type="checkbox"/> Raft | |

Other: Other than creating a larger concrete foundation footprint and additional structure, no other changes are contemplated for the remodel of the existing residence or grounds. No enlargement of the septic system is needed since we are not adding bedrooms or bathrooms, only moving them around and altering the spaces. Some trees will be removed to accommodate the enlarged footprint.

6e. Describe how you plan to construct each project element checked in 6d. Include specific construction methods and equipment to be used. [\[help\]](#)

- Identify where each element will occur in relation to the nearest waterbody.
- Indicate which activities are within the 100-year floodplain.

None of the added or existing structure or lot itself is in the 100 year flood plain,
as verified by recent LOMA survey by FEMA.

Concrete foundation forms will be placed and filled for the new footprint and then the new structure (stick frame) will be built on it. No special methods are necessary. A small number of trees within that footprint will be removed, one at a time by a professional logger.

All work to be performed will be done by licensed contractors after obtaining the appropriate permits from Kittitas County.

6f. What are the anticipated start and end dates for project construction? (Month/Year) [\[help\]](#)

- If the project will be constructed in phases or stages, use [JARPA Attachment D](#) to list the start and end dates of each phase or stage.

Start date: June 2014 End date: October, 2014 See JARPA Attachment D

6g. Fair market value of the project, including materials, labor, machine rentals, etc. [\[help\]](#)

\$300,000.

6h. Will any portion of the project receive federal funding? [\[help\]](#)

- If **yes**, list each agency providing funds.

Yes No Don't know

Part 7–Wetlands: Impacts and Mitigation

Check here if there are wetlands or wetland buffers on or adjacent to the project area.
(If there are none, skip to Part 8.) [\[help\]](#)

7a. Describe how the project has been designed to avoid and minimize adverse impacts to wetlands. [\[help\]](#)

Not applicable

7b. Will the project impact wetlands? [\[help\]](#)

Yes x No Don't know

7c. Will the project impact wetland buffers? [\[help\]](#)

Yes x No Don't know

7d. Has a wetland delineation report been prepared? [\[help\]](#)

- If Yes, submit the report, including data sheets, with the JARPA package.

Yes x No

7e. Have the wetlands been rated using the Western Washington or Eastern Washington Wetland Rating System? [\[help\]](#)

- If Yes, submit the wetland rating forms and figures with the JARPA package.

Yes x No Don't know

7f. Have you prepared a mitigation plan to compensate for any adverse impacts to wetlands? [\[help\]](#)

- If Yes, submit the plan with the JARPA package and answer 7g.
- If No, or Not applicable, explain below why a mitigation plan should not be required.

Yes No x Not applicable

7g. Summarize what the mitigation plan is meant to accomplish, and describe how a watershed approach was used to design the plan. [\[help\]](#)

n/a

7h. Use the table below to list the type and rating of each wetland impacted, the extent and duration of the impact, and the type and amount of mitigation proposed. Or if you are submitting a mitigation plan with a similar table, you can state (below) where we can find this information in the plan. [\[help\]](#)

| Activity (fill, drain, excavate, flood, etc.) | Wetland Name ¹ | Wetland type and rating category ² | Impact area (sq. ft. or Acres) | Duration of impact ³ | Proposed mitigation type ⁴ | Wetland mitigation area (sq. ft. or acres) |
|---|---------------------------|---|--------------------------------|---------------------------------|---------------------------------------|--|
|---|---------------------------|---|--------------------------------|---------------------------------|---------------------------------------|--|

2

| | | | | | | |
|-----|--|--|--|--|--|--|
| n/a | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |

¹ If no official name for the wetland exists, create a unique name (such as "Wetland 1"). The name should be consistent with other project documents, such as a wetland delineation report.

² Ecology wetland category based on current Western Washington or Eastern Washington Wetland Rating System. Provide the wetland rating forms with the JARPA package.

³ Indicate the days, months or years the wetland will be measurably impacted by the activity. Enter "permanent" if applicable.

⁴ Creation (C), Re-establishment/Rehabilitation (R), Enhancement (E), Preservation (P), Mitigation Bank/In-lieu fee (B)

Page number(s) for similar information in the mitigation plan, if available: _____

7i. For all filling activities identified in 7h, describe the source and nature of the fill material, the amount in cubic yards that will be used, and how and where it will be placed into the wetland. [\[help\]](#)

7j. For all excavating activities identified in 7h, describe the excavation method, type and amount of material in cubic yards you will remove, and where the material will be disposed. [\[help\]](#)

Part 8–Waterbodies (other than wetlands): Impacts and Mitigation

In Part 8, "waterbodies" refers to non-wetland waterbodies. (See Part 7 for information related to wetlands.) [\[help\]](#)

Check here if there are waterbodies on or adjacent to the project area. (If there are none, skip to Part 9.)

8a. Describe how the project is designed to avoid and minimize adverse impacts to the aquatic environment. [\[help\]](#)

Not applicable

Standard debris barriers will be installed prior to commencing any work on the site and removed after final inspection. The shoreline of the lake is at least more than 100' from edge the project. Any soil removed from foundation footprint will be removed offsite to a recycle center.

8b. Will your project impact a waterbody or the area around a waterbody? [\[help\]](#)

Yes No

8c. Have you prepared a mitigation plan to compensate for the project's adverse impacts to non-wetland waterbodies? [\[help\]](#)

- If Yes, submit the plan with the JARPA package and answer 8d.
- If No, or Not applicable, explain below why a mitigation plan should not be required.

Yes No x Not applicable

Simple residence construction methods do not have a materials migrating factor involved.
 Any dirt movement is far from the lake shore and will be restrained during construction and restored back to original condition at the conclusion.
 All work will be limited to the lot area which is outside of the 100 year flood plain

8d. Summarize what the mitigation plan is meant to accomplish. Describe how a watershed approach was used to design the plan.

- If you already completed 7g you do not need to restate your answer here. [\[help\]](#)

n/a

8e. Summarize impact(s) to each waterbody in the table below. [\[help\]](#)

| Activity (clear, dredge, fill, pile drive, etc.) | Waterbody name ¹ | Impact location ² | Duration of impact ³ | Amount of material (cubic yards) to be placed in or removed from waterbody | Area (sq. ft. or linear ft.) of waterbody directly affected |
|--|-----------------------------|------------------------------|---------------------------------|--|---|
| n/a | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |

¹ If no official name for the waterbody exists, create a unique name (such as "Stream 1") The name should be consistent with other documents provided.

² Indicate whether the impact will occur in or adjacent to the waterbody. If adjacent, provide the distance between the impact and the waterbody and indicate whether the impact will occur within the 100-year flood plain.

³ Indicate the days, months or years the waterbody will be measurably impacted by the work. Enter "permanent" if applicable.

8f. For all activities identified in 8e, describe the source and nature of the fill material, amount (in cubic yards) you will use, and how and where it will be placed into the waterbody. [\[help\]](#)

n/a

8g. For all excavating or dredging activities identified in 8e, describe the method for excavating or dredging, type and amount of material you will remove, and where the material will be disposed. [\[help\]](#)

n/a

Part 9--Additional Information

Any additional information you can provide helps the reviewer(s) understand your project. Complete as much of this section as you can. It is ok if you cannot answer a question.

9a. If you have already worked with any government agencies on this project, list them below. [\[help\]](#)

| Agency Name | Contact Name | Phone | Most Recent Date of Contact |
|----------------------------------|-------------------|--------------|-----------------------------|
| Kittitas Floodplain | Christina Wollman | 509.962.7051 | Feb 2014 |
| Kittitas Community Dev. Services | Lindsey Ozbolt | 509.962.7637 | Mar 2014 |
| | | () | |

9b. Are any of the wetlands or waterbodies identified in Part 7 or Part 8 of this JARPA on the Washington Department of Ecology's 303(d) List? [\[help\]](#)

- If Yes, list the parameter(s) below.
- If you don't know, use Washington Department of Ecology's Water Quality Assessment tools at: <http://www.ecy.wa.gov/programs/wq/303d/>.

Yes x No

9c. What U.S. Geological Survey Hydrological Unit Code (HUC) is the project in? [\[help\]](#)

- Go to <http://cfpub.epa.gov/surf/locate/index.cfm> to help identify the HUC.

9d. What Water Resource Inventory Area Number (WRIA #) is the project in? [\[help\]](#)

- Go to <http://www.ecy.wa.gov/services/gis/maps/wria/wria.htm> to find the WRIA #.

9e. Will the in-water construction work comply with the State of Washington water quality standards for turbidity? [\[help\]](#)

- Go to <http://www.ecy.wa.gov/programs/wq/swqs/criteria.html> for the standards.

Yes No Not applicable

9f. If the project is within the jurisdiction of the Shoreline Management Act, what is the local shoreline environment designation? [\[help\]](#)

- If you don't know, contact the local planning department.
- For more information, go to: http://www.ecy.wa.gov/programs/sea/sma/laws_rules/173-26/211_designations.html.

Rural Urban Natural Aquatic Conservancy Other shoreline residential _____

9g. What is the Washington Department of Natural Resources Water Type? [\[help\]](#)

- Go to http://www.dnr.wa.gov/BusinessPermits/Topics/ForestPracticesApplications/Pages/fp_watertyping.aspx for the Forest Practices Water Typing System.

Shoreline Fish Non-Fish Perennial Non-Fish Seasonal

9h. Will this project be designed to meet the Washington Department of Ecology's most current stormwater manual? [\[help\]](#)

- If No, provide the name of the manual your project is designed to meet.

Yes No n/a

Name of manual:

9i. Does the project site have known contaminated sediment? [\[help\]](#)

- If Yes, please describe below.

Yes No

9j. If you know what the property was used for in the past, describe below. [\[help\]](#)

Residential recreational since 1981. Kachess Village plat in place since early 1970's for residential recreational

9k. Has a cultural resource (archaeological) survey been performed on the project area? [\[help\]](#)

- If Yes, attach it to your JARPA package.

Yes x No

9l. Name each species listed under the federal Endangered Species Act that occurs in the vicinity of the project area or might be affected by the proposed work. [\[help\]](#)

none

9m. Name each species or habitat on the Washington Department of Fish and Wildlife's Priority Habitats and Species List that might be affected by the proposed work. [\[help\]](#)

none

Part 10—SEPA Compliance and Permits

Use the resources and checklist below to identify the permits you are applying for.

- Online Project Questionnaire at <http://apps.ecy.wa.gov/opas/>.
- Governor's Office for Regulatory Innovation and Assistance at (800) 917-0043 or help@ora.wa.gov.
- For a list of addresses to send your JARPA to, click on [agency addresses for completed JARPA](#).

10a. Compliance with the State Environmental Policy Act (SEPA). (Check all that apply.) [\[help\]](#)

- For more information about SEPA, go to www.ecy.wa.gov/programs/sea/sepa/e-review.html.

A copy of the SEPA determination or letter of exemption is included with this application.

A SEPA determination is pending with _____ (lead agency). The expected decision date is _____.

I am applying for a Fish Habitat Enhancement Exemption. (Check the box below in 10b.) [\[help\]](#)

This project is exempt (choose type of exemption below).

Categorical Exemption. Under what section of the SEPA administrative code (WAC) is it exempt?

Other: _____

SEPA is pre-empted by federal law.

10b. Indicate the permits you are applying for. (Check all that apply.) [\[help\]](#)

LOCAL GOVERNMENT

Local Government Shoreline permits:

Substantial Development Conditional Use Variance

Shoreline Exemption Type (explain): _____

STATE GOVERNMENT

Washington Department of Fish and Wildlife:

Hydraulic Project Approval (HPA) Fish Habitat Enhancement Exemption – [Attach Exemption Form](#)

Effective July 10, 2012, you must submit a check for \$150 to Washington Department of Fish and Wildlife, unless your project qualifies for an exemption or alternative payment method below. **Do not send cash.**

Check the appropriate boxes:

\$150 check enclosed. Check # _____
Attach check made payable to Washington Department of Fish and Wildlife.

Charge to billing account under agreement with WDFW. Agreement # _____

My project is exempt from the application fee. (Check appropriate exemption)

HPA processing is conducted by applicant-funded WDFW staff.
Agreement # _____

Mineral prospecting and mining.

Project occurs on farm and agricultural land.

(Attach a copy of current land use classification recorded with the county auditor, or other proof of current land use.)

Project is a modification of an existing HPA originally applied for, prior to July 10, 2012.
HPA # _____

Washington Department of Natural Resources:

Aquatic Use Authorization

Complete [JARPA Attachment E](#) and submit a check for \$25 payable to the Washington Department of Natural Resources.
Do not send cash.

Washington Department of Ecology:

Section 401 Water Quality Certification

FEDERAL GOVERNMENT

United States Department of the Army permits (U.S. Army Corps of Engineers):

Section 404 (discharges into waters of the U.S.)

Section 10 (work in navigable waters)

United States Coast Guard permits:

Private Aids to Navigation (for non-bridge projects)

Part 11—Authorizing Signatures

Signatures are required before submitting the JARPA package. The JARPA package includes the JARPA form, project plans, photos, etc. [\[help\]](#)

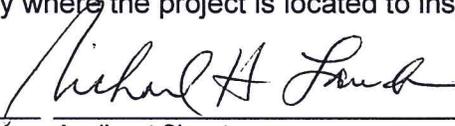

11a. Applicant Signature (required) [\[help\]](#)

I certify that to the best of my knowledge and belief, the information provided in this application is true, complete, and accurate. I also certify that I have the authority to carry out the proposed activities, and I agree to start work only after I have received all necessary permits.

I hereby authorize the agent named in Part 3 of this application to act on my behalf in matters related to this application. _____ (initial)

By initialing here, I state that I have the authority to grant access to the property. I also give my consent to the permitting agencies entering the property where the project is located to inspect the project site or any work related to the project. RLS (initial)

Special Flood Hazard Area (SFHA) - The SFHA is an area that would be inundated by the flood having a 1-percent chance of being equaled or exceeded in any given year (base flood).

ADDITIONAL CONSIDERATIONS (Please refer to the appropriate section on Attachment 1 for the additional considerations listed below.)

ZONE A
STUDY UNDERWAY

This document provides the Federal Emergency Management Agency's determination regarding a request for a Letter of Map Amendment for the property described above. Using the information submitted and the effective National Flood Insurance Program (NFIP) map, we have determined that the property(ies) is/are not located in the SFHA, an area inundated by the flood having a 1-percent chance of being equaled or exceeded in any given year (base flood). This document amends the effective NFIP map to remove the subject property from the SFHA located on the effective NFIP map; therefore, the Federal mandatory flood insurance requirement does not apply. However, the lender has the option to continue the flood insurance requirement to protect its financial risk on the loan. A Preferred Risk Policy (PRP) is available for buildings located outside the SFHA. Information about the PRP and how one can apply is enclosed.

This determination is based on the flood data presently available. The enclosed documents provide additional information regarding this determination. If you have any questions about this document, please contact the FEMA Map Assistance Center toll free at (877) 336-2627 (877-FEMA MAP) or by letter addressed to the Federal Emergency Management Agency, LOMA Clearinghouse, 847 South Pickett Street, Alexandria, VA 22304-4605.

 Luis Rodriguez, P.E., Chief
 Engineering Management Branch
 Federal Insurance and Mitigation Administration

Federal Emergency Management Agency

Washington, D.C. 20472

LETTER OF MAP AMENDMENT DETERMINATION DOCUMENT (REMOVAL)

ATTACHMENT 1 (ADDITIONAL CONSIDERATIONS)

ZONE A (This Additional Consideration applies to the preceding 1 Property.)

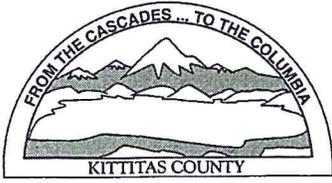

The National Flood Insurance Program map affecting this property depicts a Special Flood Hazard Area that was determined using the best flood hazard data available to FEMA, but without performing a detailed engineering analysis. The flood elevation used to make this determination is based on approximate methods and has not been formalized through the standard process for establishing base flood elevations published in the Flood Insurance Study. This flood elevation is subject to change.

STUDY UNDERWAY (This Additional Consideration applies to all properties in the LOMA DETERMINATION DOCUMENT (REMOVAL))

This determination is based on the flood data presently available. However, the Federal Emergency Management Agency is currently revising the National Flood Insurance Program (NFIP) map for the community. New flood data could be generated that may affect this property. When the new NFIP map is issued it will supersede this determination. The Federal requirement for the purchase of flood insurance will then be based on the newly revised NFIP map.

This attachment provides additional information regarding this request. If you have any questions about this attachment, please contact the FEMA Map Assistance Center toll free at (877) 336-2627 (877-FEMA MAP) or by letter addressed to the Federal Emergency Management Agency, LOMC Clearinghouse, 847 South Pickett Street, Alexandria, VA 22304-4605.
