Good Morning,

My public works inspector is coming today to look at the road.

I do not have any additional input regarding emergency response – this e-mail will satisfy the Fire Marshal contact requirement.

Thanks.

Patrick Nicholson

Pat,

This road will serve 4 parcels and needs to be signed off by Public Works as a condition for me to finalize my Short Plat.

The memorandum states that I need to contact you and get your response.

Number 10. **Fire Protection:** Contact the KC Fire Marshal regarding any additional access requirements for Emergency Responses.

Ms. Harmon,

I reviewed the plan and I forwarded this to Public Works. They are sending someone out
