SP-24-00013

Dear Zach Torrance-Smith,

After reviewing the application for SP-24-00013, Kittitas County Public Health has comments pertaining to the short plat application.

1. Soil logs must be finalized prior to the development of short plats for the locations of 1B and 2B. This will ensure that the soil is suitable for construction.
2. Ensure that the Group A water system has enough connections for the additional two plats.

Do not hesitate to reach out if there are any questions.

Thank you,

A handwritten signature in black ink, appearing to read "Shane Johnson", written over a light blue circular stamp.
