Hi Ellie,

This review is in response to the Short Plat application: SP-25-00011 Hubbard.

Please be advised that the proposed project lies within the traditional territory of the škwáxčənəxw (people living on the bank) or Moses-Columbia, one of the twelve tribes that makes up the Confederated Tribes of the Colville Reservation (CTCR), which is governed by the Colville Business Council (CBC). The CBC has delegated to the Tribal Historic Preservation Officer (THPO) the responsibility of representing the CTCR with regard to cultural resources management issues throughout the traditional territories of all of the constituent tribes under Resolution 1996-29. This area includes parts of eastern Washington, northeastern Oregon, the Palus territory in Idaho, and south-central British Columbia (see attached map).

Based on our review of State and Tribal sensitivity maps documenting the known occurrences of pre-contact, ethnographic, historic, and/or religious sites, **the CTCR has no concerns with the proposed undertaking's potential effects on cultural resources.**

Thank you for continuing to include the CTCR's Traditional Territory Advisors in communications regarding undertakings such as the one proposed above. As always, these comments are based on information as currently presented, and we do reserve the right to revise our comments if additional information becomes available. If you have any questions, please do not hesitate to reach out to me at this email or the numbers listed below.

My best,
