Ms. Myers:

The Department of Health (DOH) Office of Drinking Water (ODW) has reviewed the application, generating the following comments:

- If the two properties will share the existing well, then this does not meet the definition of a public water system.
- If a third connection is served by the same well, then the 3-connection system would meet the definition of a public water system. Depending on the population served, it would be either Group A (administered by DOH ODW) or Group B (administered by Kittitas County Health).

If anyone has any questions or concerns regarding these comments, please contact DOH ODW.

Thanks,

**Russell E. Mau, PhD, PE**
