**Subject:** Proposed short plat  
**Date:** Tuesday, November 02, 2010 7:48:13 AM

---

Sir:

My wife and I have concerns about the proposed short plat , Plain Beautiful (SP-10-00012) that has been proposed by D&H Ranch incorporated.

Specifically, proposed lot 10A, formally Lot 18 in the High Valley Lakes short plat, was previously denoted as an unbuildable lot.

Also, we are concerned about domestic water hookup to High Valley Lakes water system. Currently, water pressure seems to be close to minimum to residences with only 8 of 17 lots currently being serviced by the system.

Thank you,

Lloyd and Robyn Hartz
