Subject: SI-15-00001 Counce Additional Information
Attachments: SI-15-00001 Counce Recorded Survey.pdf

Dear Mr. Counce,

I am processing your application and I have found that I need a site plan that shows your complete parcel (i.e. property lines) and the location of your free standing sign with the distances from all property lines. The County's COMPAS mapping system is skewed for your parcel so I found a recorded survey of your parcel which is attached. Could you please indicate upon the attached survey where you are locating your sign and the distances from all property lines please. If you have any additional questions please feel free to contact me.

Thank you and sorry for the delay in the processing of this application.
