Office (509) 962-7506

"Building Partnerships – Building Communities"

## SEPA ENVIRONMENTAL CHECKLIST

### **Purpose of checklist:**

Governmental agencies use this checklist to help determine whether the environmental impacts of your proposal are significant. This information is also helpful to determine if available avoidance, minimization or compensatory mitigation measures will address the probable significant impacts or if an environmental impact statement will be prepared to further analyze the proposal.

### **Instructions for applicants:**

This environmental checklist asks you to describe some basic information about your proposal. Please answer each question accurately and carefully, to the best of your knowledge. You may need to consult with an agency specialist or private consultant for some questions. **You may use "not applicable" or "does not apply" only when you can explain why it does not apply and not when the answer is unknown.** You may also attach or incorporate by reference additional studies reports. **Complete and accurate answers to these questions often avoid delays with the SEPA process as well as later in the decision-making process.**

The checklist questions apply to **all parts of your proposal, even if you plan to do them over a period of time or on different parcels of land.** Attach any additional information that will help describe your proposal or its environmental effects. The agency to which you submit this checklist may ask you to explain your answers or provide additional information reasonably related to determining if there may be significant adverse impact.

### **Use of checklist for nonproject proposals:** [\[help\]](#)

For nonproject proposals (such as ordinances, regulations, plans and programs), complete the applicable parts of sections A and B plus the [SUPPLEMENTAL SHEET FOR NONPROJECT ACTIONS \(part D\)](#). Please completely answer all questions that apply and note that the words "project," "applicant," and "property or site" should be read as "proposal," "proponent," and "affected geographic area," respectively. The lead agency may exclude (for non-projects) questions in Part B - Environmental Elements –that do not contribute meaningfully to the analysis of the proposal.

### **APPLICATION FEES:**

\$600.00 Kittitas County Community Development Services (KCCDS)\*\*

\$950.00\* Kittitas County Department of Public Works\*\*

\$260.00 Kittitas County Public Health

**\$1,810.00 Total fees due for this application** (One check made payable to KCCDS)

\*2 hours of review included in Public Works Fee. Additional review hours will be billed at \$243 per hour.

\*\* Note:KCCDS and PW fees are waived if project is a VSP sponsored fish enhancement project.

### **FOR STAFF USE ONLY**

<b>Application Received by (CDS Staff Signature):</b>  <b>Jessie Rosenow</b>	<b>DATE:</b>  <b>10/15/2024</b>	<b>RECEIPT#</b>  <b>CD24-02643</b>	<div style="border: 2px solid blue; padding: 5px; text-align: center;"><b>KITTITAS CO CDS RECEIVED 10/15/2024</b></div> <div style="text-align: right; font-size: small;">DATE STAMP IN BOX</div>
--	---------------------------------------	--	---

## Purpose of checklist

Governmental agencies use this checklist to help determine whether the environmental impacts of your proposal are significant. This information is also helpful to determine if available avoidance, minimization, or compensatory mitigation measures will address the probable significant impacts or if an environmental impact statement will be prepared to further analyze the proposal.

## Instructions for applicants

This environmental checklist asks you to describe some basic information about your proposal. Please answer each question accurately and carefully, to the best of your knowledge. You may need to consult with an agency specialist or private consultant for some questions. **You may use “not applicable” or “does not apply” only when you can explain why it does not apply and not when the answer is unknown.** You may also attach or incorporate by reference additional studies reports. Complete and accurate answers to these questions often avoid delays with the SEPA process as well as later in the decision-making process.

The checklist questions apply to **all parts of your proposal**, even if you plan to do them over a period of time or on different parcels of land. Attach any additional information that will help describe your proposal or its environmental effects. The agency to which you submit this checklist may ask you to explain your answers or provide additional information reasonably related to determining if there may be significant adverse impact.

## Instructions for lead agencies

Please adjust the format of this template as needed. Additional information may be necessary to evaluate the existing environment, all interrelated aspects of the proposal and an analysis of adverse impacts. The checklist is considered the first but not necessarily the only source of information needed to make an adequate threshold determination. Once a threshold determination is made, the lead agency is responsible for the completeness and accuracy of the checklist and other supporting documents.

## Use of checklist for nonproject proposals

For nonproject proposals (such as ordinances, regulations, plans and programs), complete the applicable parts of sections A and B, plus the Supplemental Sheet for Nonproject Actions (Part D). Please completely answer all questions that apply and note that the words "project," "applicant," and "property or site" should be read as "proposal," "proponent," and "affected geographic area," respectively. The lead agency may exclude (for non-projects) questions in “Part B: Environmental Elements” that do not contribute meaningfully to the analysis of the proposal.

<sup>1</sup> <https://ecology.wa.gov/Regulations-Permits/SEPA/Environmental-review/SEPA-guidance/Checklist-guidance>

## A. Background

[Find help answering background questions<sup>2</sup>](https://ecology.wa.gov/Regulations-Permits/SEPA/Environmental-review/SEPA-guidance/SEPA-checklist-guidance/SEPA-Checklist-Section-A-Background)

**1. Name of proposed project, if applicable:**

Deck/Bridge

**2. Name of applicant:**

Eduard Stoliarenko

**3. Address and phone number of applicant and contact person:**

965 Westreidge Way NE, 302, Issaquah, WA 98029 mob: 949.562.8531

**4. Date checklist prepared:**

10.10.24

**5. Agency requesting checklist:**

Kittitas Country

**6. Proposed timing of schedule (including phasing, if applicable):**

November 1<sup>st-20</sup> 2024

**7. Do you have any plans for future additions, expansion, or further activity related to or connected with this proposal? If yes, explain.**

No plans for the expansion

**8. List any environmental information you know about that has been prepared, or will be prepared, directly related to this proposal.**

No any environmental information has been prepared.

**9. Do you know whether applications are pending for governmental approvals of other proposals directly affecting the property covered by your proposal? If yes, explain.**

Not pending

**10. List any government approvals or permits that will be needed for your proposal, if known.**

Working on this. As I know so far retaining wall less than 4F and building less then 200sqf no need permits

**11. Give brief, complete description of your proposal, including the proposed uses and the size of the project and site. There are several questions later in this checklist that ask you to describe certain aspects of your proposal. You do not need to repeat those answers on this page. (Lead agencies may modify this form to include additional specific information on project description.)**

---

<sup>2</sup> <https://ecology.wa.gov/Regulations-Permits/SEPA/Environmental-review/SEPA-guidance/SEPA-checklist-guidance/SEPA-Checklist-Section-A-Background>

Because there is no access to the house, plan was to build a small deck/bridge through the creek to get access to the house.

- 12. Location of the proposal. Give sufficient information for a person to understand the precise location of your proposed project, including a street address, if any, and section, township, and range, if known. If a proposal would occur over a range of area, provide the range or boundaries of the site(s). Provide a legal description, site plan, vicinity map, and topographic map, if reasonably available. While you should submit any plans required by the agency, you are not required to duplicate maps or detailed plans submitted with any permit applications related to this checklist.**

24 Kearny Dr, c Pass, WA 98069 ( Deck/Bridge In front of the house)

## B.Environmental Elements

### 1. Earth

[Find help answering earth questions<sup>3</sup>](#)

- a. General description of the site:**

Hilly, ( first 15 feet from the road to the house slope 15:3/ then stream channel 7' wide 3' deep/ then 8' soil then House flat)

**Circle or highlight one: Flat, rolling, hilly, steep slopes, mountainous, other:**

- b. What is the steepest slope on the site (approximate percent slope)?**

Approx. 20% before stream channel

- c. What general types of soils are found on the site (for example, clay, sand, gravel, peat, muck)? If you know the classification of agricultural soils, specify them, and note any agricultural land of long-term commercial significance and whether the proposal results in removing any of these soils.**

Gravel/sand/ peat

- d. Are there surface indications or history of unstable soils in the immediate vicinity? If so, describe.**

Soil pretty stable, during the few month didn't see any unstable areas.

- e. Describe the purpose, type, total area, and approximate quantities and total affected area of any filling, excavation, and grading proposed. Indicate source of fill.**

Approx. 250-300sqf filling area with the gravel

---

<sup>3</sup> <https://ecology.wa.gov/regulations-permits/sepa/environmental-review/sepa-guidance/sepa-checklist-guidance/sepa-checklist-section-b-environmental-elements/environmental-elements-earth>

- f. **Could erosion occur because of clearing, construction, or use? If so, generally describe.**

Construction deck/bridge will help support soil around the stream channel.

- g. **About what percent of the site will be covered with impervious surfaces after project construction (for example, asphalt or buildings)?**

0%

- h. **Proposed measures to reduce or control erosion, or other impacts to the earth, if any.**

Vegetation of the stream banks

## 2. Air

[Find help answering air questions](#)<sup>4</sup>

- a. **What types of emissions to the air would result from the proposal during construction, operation, and maintenance when the project is completed? If any, generally describe and give approximate quantities if known.**

The proposal will not directly result in impacts to air quality.

- b. **Are there any off-site sources of emissions or odor that may affect your proposal? If so, generally describe.**

Off-site sources of emissions or odor are not applicable to this project.

- c. **Proposed measures to reduce or control emissions or other impacts to air, if any:**

The proposal is not expected to result in impacts to the air quality.

## 3. Water

[Find help answering water questions](#)<sup>5</sup>

- a. **Surface:**

[Find help answering surface water questions](#)<sup>6</sup>

1. **Is there any surface water body on or in the immediate vicinity of the site (including year-round and seasonal streams, saltwater, lakes, ponds, wetlands)? If yes, describe type and provide names. If appropriate, state what stream or river it flows into.**

Seasonal streams don't know the name

---

<sup>4</sup> <https://ecology.wa.gov/Regulations-Permits/SEPA/Environmental-review/SEPA-guidance/SEPA-checklist-guidance/SEPA-Checklist-Section-B-Environmental-elements/Environmental-elements-Air>

<sup>5</sup> <https://ecology.wa.gov/Regulations-Permits/SEPA/Environmental-review/SEPA-guidance/SEPA-checklist-guidance/SEPA-Checklist-Section-B-Environmental-elements/Environmental-elements-3-Water>

<sup>6</sup> <https://ecology.wa.gov/Regulations-Permits/SEPA/Environmental-review/SEPA-guidance/SEPA-checklist-guidance/SEPA-Checklist-Section-B-Environmental-elements/Environmental-elements-3-Water/Environmental-elements-Surface-water>

2. Will the project require any work over, in, or adjacent to (within 200 feet) the described waters? If yes, please describe and attach available plans.

Yes, Near the creek planning to build Deck/Bridge to the house

3. Estimate the amount of fill and dredge material that would be placed in or removed from surface water or wetlands and indicate the area of the site that would be affected. Indicate the source of fill material.

Not any action in the stream

4. Will the proposal require surface water withdrawals or diversions? Give a general description, purpose, and approximate quantities if known.

No

5. Does the proposal lie within a 100-year floodplain? If so, note location on the site plan.

Don't know

6. Does the proposal involve any discharges of waste materials to surface waters? If so, describe the type of waste and anticipated volume of discharge.

No

**b. Ground:**

[Find help answering ground water questions](https://ecology.wa.gov/Regulations-Permits/SEPA/Environmental-review/SEPA-guidance/SEPA-checklist-guidance/SEPA-Checklist-Section-B-Environmental-elements/Environmental-elements-3-Water/Environmental-elements-Groundwater)<sup>7</sup>

1. Will groundwater be withdrawn from a well for drinking water or other purposes? If so, give a general description of the well, proposed uses and approximate quantities withdrawn from the well. Will water be discharged to groundwater? Give a general description, purpose, and approximate quantities if known.

The proposal will not discharge to groundwater

2. Describe waste material that will be discharged into the ground from septic tanks or other sources, if any (domestic sewage; industrial, containing the following chemicals...; agricultural; etc.). Describe the general size of the system, the number of such systems, the number of houses to be served (if applicable), or the number of animals or humans the system(s) are expected to serve.

The proposal will not discharge to groundwater

**c. Water Runoff (including stormwater):**

---

<sup>7</sup> <https://ecology.wa.gov/Regulations-Permits/SEPA/Environmental-review/SEPA-guidance/SEPA-checklist-guidance/SEPA-Checklist-Section-B-Environmental-elements/Environmental-elements-3-Water/Environmental-elements-Groundwater>

1. **Describe the source of runoff (including storm water) and method of collection and disposal, if any (include quantities, if known). Where will this water flow? Will this water flow into other waters? If so, describe.**

The proposal will not withdraw or discharge to stormwater or produce additional surface runoff.

2. **Could waste materials enter ground or surface waters? If so, generally describe.**

No waste materials are expected to be generated and therefore are not expected to enter ground or surface waters.

3. **Does the proposal alter or otherwise affect drainage patterns in the vicinity of the site? If so, describe.**

The proposal will not alter or otherwise affect drainage patterns in the vicinity of the site.

- d. **Proposed measures to reduce or control surface, ground, and runoff water, and drainage pattern impacts, if any:**

The proposal is not expected to result in impacts to surface, ground, or runoff water, therefore no mitigating measures are proposed at this time.

#### 4. Plants

[Find help answering plants questions](#)

- a. **Check the types of vegetation found on the site:**

- ☐ deciduous tree: alder, maple, aspen, other
- ☒ evergreen tree: fir, cedar, pine, other
- ☒ shrubs
- ☐ grass
- ☐ pasture
- ☐ crop or grain
- ☐ orchards, vineyards, or other permanent crops.
- ☐ wet soil plants: cattail, buttercup, bullrush, skunk cabbage, other
- ☐ water plants: water lily, eelgrass, milfoil, other
- ☒ other types of vegetation

- b. **What kind and amount of vegetation will be removed or altered?**

There was removal minimal amount of the vegetation (Shrubs/ blackberry)

- c. **List threatened and endangered species known to be on or near the site.**

Does not propose any specific activity that will affect any endangered species at any specific site.

- d. **Proposed landscaping, use of native plants, or other measures to preserve or enhance vegetation on the site, if any.**

Shrubs/ blackberry

- e. **List all noxious weeds and invasive species known to be on or near the site.**

Hawkweeds

f. **5. Animals**

[Find help answering animal questions](#)<sup>8</sup>

- a. **List any birds and other animals that have been observed on or near the site or are known to be on or near the site.**

Examples include:

- **Birds:** hawk, heron, eagle, songbirds, other:
- **Mammals:** deer, bear, elk, beaver, other:
- **Fish:** bass, salmon, trout, herring, shellfish, other:

- b. **List any threatened and endangered species known to be on or near the site.**

*WDFW lists the following candidate, threatened, and endangered animals within Kittitas County:*

- |                           |                            |
|---------------------------|----------------------------|
| • Bull Trout              | • Sharp-tailed Snake       |
| • Gray Wolf               | • Steelhead                |
| • Grizzly Bear            | • Western gray squirrel    |
| • Northern Spotted Owl    | • Black-tailed jackrabbit  |
| • Wolverine               | • Burrowing Owl            |
| • Black-backed Woodpecker | • Common Loon              |
| • Columbia Spotted Frog   | • Ferruginous Hawk         |
| • Golden Eagle            | • Loggerhead shrike        |
| • Greater Sage-grouse     | • Sagebrush sparrow        |
| • Mountain Sucker         | • Sage thrasher            |
| • Northern Goshawk        | • Stripped whipsnake       |
| • Pileated woodpecker     | • Townsend's Big-eared Bat |
| • Prairie Falcon          |                            |

- c. **Is the site part of a migration route? If so, explain.**

No on the property

- d. **Proposed measures to preserve or enhance wildlife, if any.**

The proposal will not impact wildlife and therefore no measures are proposed to preserve or enhance wildlife at this time.

- e. **List any invasive animal species known to be on or near the site.**

The Annual Docket Process is a general legislative action applicable in all areas of Kittitas County as is the Kittitas County Code. None of the proposed amendments are

<sup>8</sup> <https://ecology.wa.gov/Regulations-Permits/SEPA/Environmental-review/SEPA-guidance/SEPA-checklist-guidance/SEPA-Checklist-Section-B-Environmental-elements/Environmental-elements-5-Animals>

proposing any specific activity that will at any specific site. Future project specific development proposals that may affect birds, animals, or fish will be reviewed consistent with the provisions of the Comprehensive Plan and applicable provisions of the Kittitas County Code. Non-native aquatic animal species are listed in Washington Administrative Code (WAC 220-12-090).

## 6. Energy and natural resources

[Find help answering energy and natural resource questions](#)<sup>9</sup>

- a. **What kinds of energy (electric, natural gas, oil, wood stove, solar) will be used to meet the completed project's energy needs? Describe whether it will be used for heating, manufacturing, etc.**

The proposal will not directly result in any additional need for energy

- b. **Would your project affect the potential use of solar energy by adjacent properties? If so, generally describe.**

No solar energy use would be impacted as part of this project

- c. **What kinds of energy conservation features are included in the plans of this proposal? List other proposed measures to reduce or control energy impacts, if any.**

Energy conservation features are not applicable as part of this project

## 7. Environmental health

[Health Find help with answering environmental health questions](#)<sup>10</sup>

- a. **Are there any environmental health hazards, including exposure to toxic chemicals, risk of fire and explosion, spill, or hazardous waste, that could occur because of this proposal? If so, describe.**

The proposal is not expected to cause environmental health hazards

1. **Describe any known or possible contamination at the site from present or past uses.**

The proposal is not expected to cause environmental health hazards

2. **Describe existing hazardous chemicals/conditions that might affect project development and design. This includes underground hazardous liquid and gas transmission pipelines located within the project area and in the vicinity.**

The proposal is not expected to cause environmental health hazards

3. **Describe any toxic or hazardous chemicals that might be stored, used, or produced during the project's development or construction, or at any time during the operating life of the project.**

The proposal is not expected to cause environmental health hazards

---

<sup>9</sup> <https://ecology.wa.gov/Regulations-Permits/SEPA/Environmental-review/SEPA-guidance/SEPA-checklist-guidance/SEPA-Checklist-Section-B-Environmental-elements/Environmental-elements-6-Energy-natural-resou>

<sup>10</sup> <https://ecology.wa.gov/Regulations-Permits/SEPA/Environmental-review/SEPA-guidance/SEPA-checklist-guidance/SEPA-Checklist-Section-B-Environmental-elements/Environmental-elements-7-Environmental-health>

**4. Describe special emergency services that might be required.**

No special emergency services are required for this project

**5. Proposed measures to reduce or control environmental health hazards, if any.**

No measures to reduce or control environmental health hazards are required as part of this project

**b. Noise**

**1. What types of noise exist in the area which may affect your project (for example: traffic, equipment, operation, other)?**

Using equipment like (grinder/drill/mixer) minimum noise level.

**2. What types and levels of noise would be created by or associated with the project on a short-term or a long-term basis (for example: traffic, construction, operation, other)? Indicate what hours noise would come from the site)?**

Minimum noise level. 10am-2pm. General noise (construction)

**3. Proposed measures to reduce or control noise impacts, if any:**

Noise hourly 10am -2pm.

**8. Land and shoreline use**

[Find help answering land and shoreline use questions](https://ecology.wa.gov/Regulations-Permits/SEPA/Environmental-review/SEPA-guidance/SEPA-checklist-guidance/SEPA-Checklist-Section-B-Environmental-elements/Environmental-elements-8-Land-shoreline-use)<sup>11</sup>

**a. What is the current use of the site and adjacent properties? Will the proposal affect current land uses on nearby or adjacent properties? If so, describe.**

The proposal will not affect on the land use.

**b. Has the project site been used as working farmlands or working forest lands? If so, describe. How much agricultural or forest land of long-term commercial significance will be converted to other uses because of the proposal, if any? If resource lands have not been designated, how many acres in farmland or forest land tax status will be converted to nonfarm or nonforest use?**

No

**1. Will the proposal affect or be affected by surrounding working farm or forest land normal business operations, such as oversize equipment access, the application of pesticides, tilling, and harvesting? If so, how?**

No

**c. Describe any structures on the site.**

A Frame cabin

**d. Will any structures be demolished? If so, what?**

---

<sup>11</sup> <https://ecology.wa.gov/Regulations-Permits/SEPA/Environmental-review/SEPA-guidance/SEPA-checklist-guidance/SEPA-Checklist-Section-B-Environmental-elements/Environmental-elements-8-Land-shoreline-use>

No

- e. What is the current zoning classification of the site?

R

- f. What is the current comprehensive plan designation of the site?

Residential Single Family

- g. If applicable, what is the current shoreline master program designation of the site?

There is no site to this proposal. The Shoreline Master Program for Kittitas County includes four environment designations: Urban Environment, Rural Environment, Conservancy Environment, and Natural Environment. The environment designations existing throughout the County will not be changed by this proposal.

- h. Has any part of the site been classified as a critical area by the city or county? If so, specify.

Steam Channel in front of the house

- i. Approximately how many people would reside or work in the completed project?

2-3

- j. Approximately how many people would the completed project displace?

2-3

- k. Proposed measures to avoid or reduce displacement impacts, if any.

Not applicable as this is a project proposal.

- l. Proposed measures to ensure the proposal is compatible with existing and projected land uses and plans, if any.

Not applicable as this is a project proposal.

- m. Proposed measures to reduce or control impacts to agricultural and forest lands of long-term commercial significance, if any:

Not applicable as this is a project proposal.

## 9. Housing

[Find help answering housing questions](#)<sup>12</sup>

- a. Approximately how many units would be provided, if any? Indicate whether high, middle, or low-income housing.

Not applicable as this is a project proposal.

- b. Approximately how many units, if any, would be eliminated? Indicate whether high, middle, or low-income housing.

Not applicable as this is a project proposal.

---

<sup>12</sup> <https://ecology.wa.gov/Regulations-Permits/SEPA/Environmental-review/SEPA-guidance/SEPA-checklist-guidance/SEPA-Checklist-Section-B-Environmental-elements/Environmental-elements-9-Housing>

- c. **Proposed measures to reduce or control housing impacts, if any:**

Not applicable as this is a project proposal.

## 10. Aesthetics

[Find help answering aesthetics questions](#)<sup>13</sup>

- a. **What is the tallest height of any proposed structure(s), not including antennas; what is the principal exterior building material(s) proposed?**

Total Deck/Bridge height 9' including railing ( wood frame/metal railing)

- b. **What views in the immediate vicinity would be altered or obstructed?**

No views will be obstructed.

- c. **Proposed measures to reduce or control aesthetic impacts, if any:**

No proposed plans

## 11. Light and glare

[Find help answering light and glare questions](#)<sup>14</sup>

- a. **What type of light or glare will the proposal produce? What time of day would it mainly occur?**

Not applicable

- b. **Could light or glare from the finished project be a safety hazard or interfere with views?**

Not applicable

- c. **What existing off-site sources of light or glare may affect your proposal?**

Not applicable

- d. **Proposed measures to reduce or control light and glare impacts, if any:**

Not applicable

## 12. Recreation

[Find help answering recreation questions](#)

- a. **What designated and informal recreational opportunities are in the immediate vicinity?**

Ski resort/hiking

- b. **Would the proposed project displace any existing recreational uses? If so, describe.**

NO

---

<sup>13</sup> <https://ecology.wa.gov/Regulations-Permits/SEPA/Environmental-review/SEPA-guidance/SEPA-checklist-guidance/SEPA-Checklist-Section-B-Environmental-elements/Environmental-elements-10-Aesthetics>

<sup>14</sup> <https://ecology.wa.gov/Regulations-Permits/SEPA/Environmental-review/SEPA-guidance/SEPA-checklist-guidance/SEPA-Checklist-Section-B-Environmental-elements/Environmental-elements-11-Light-glare>

- c. **Proposed measures to reduce or control impacts on recreation, including recreation opportunities to be provided by the project or applicant, if any:**

Not applicable

### 13. Historic and cultural preservation

[Find help answering historic and cultural preservation questions](#)<sup>15</sup>

- a. **Are there any buildings, structures, or sites, located on or near the site that are over 45 years old listed in or eligible for listing in national, state, or local preservation registers? If so, specifically describe.**

NO

- b. **Are there any landmarks, features, or other evidence of Indian or historic use or occupation? This may include human burials or old cemeteries. Are there any material evidence, artifacts, or areas of cultural importance on or near the site? Please list any professional studies conducted at the site to identify such resources.**

NO

- c. **Describe the methods used to assess the potential impacts to cultural and historic resources on or near the project site. Examples include consultation with tribes and the department of archeology and historic preservation, archaeological surveys, historic maps, GIS data, etc.**

Not applicable

- d. **Proposed measures to avoid, minimize, or compensate for loss, changes to, and disturbance to resources. Please include plans for the above and any permits that may be required.**

Not applicable

### 14. Transportation

[Find help with answering transportation questions](#)<sup>16</sup>

- a. **Identify public streets and highways serving the site or affected geographic area and describe proposed access to the existing street system. Show on site plans, if any.**

The Proposal will not impact on the streets or highways.

- b. **Is the site or affected geographic area currently served by public transit? If so, generally describe. If not, what is the approximate distance to the nearest transit stop?**

No public transit near by approx. 10 miles.

---

<sup>15</sup> <https://ecology.wa.gov/Regulations-Permits/SEPA/Environmental-review/SEPA-guidance/SEPA-checklist-guidance/SEPA-Checklist-Section-B-Environmental-elements/Environmental-elements-13-Historic-cultural-p>

<sup>16</sup> <https://ecology.wa.gov/Regulations-Permits/SEPA/Environmental-review/SEPA-guidance/SEPA-checklist-guidance/SEPA-Checklist-Section-B-Environmental-elements/Environmental-elements-14-Transportation>

- c. Will the proposal require any new or improvements to existing roads, streets, pedestrian, bicycle, or state transportation facilities, not including driveways? If so, generally describe (indicate whether public or private).

Proposal will not require new or improvements to existing roads, streets, pedestrian.

- d. Will the project or proposal use (or occur in the immediate vicinity of) water, rail, or air transportation? If so, generally describe.

No

- e. How many vehicular trips per day would be generated by the completed project or proposal? If known, indicate when peak volumes would occur and what percentage of the volume would be trucks (such as commercial and nonpassenger vehicles). What data or transportation models were used to make these estimates?

2 trip per day ( We are using Small van to delivery constriction materials) No Heavy equipments or transportation.

- f. Will the proposal interfere with, affect, or be affected by the movement of agricultural and forest products on roads or streets in the area? If so, generally describe.

No

- g. Proposed measures to reduce or control transportation impacts, if any:

No Proposed plans to reduce or control transportation.

## 15. Public services

[Find help answering public service questions<sup>17</sup>](#)

- a. Would the project result in an increased need for public services (for example: fire protection, police protection, public transit, health care, schools, other)? If so, generally describe.

NO

- b. Proposed measures to reduce or control direct impacts on public services, if any.

No Proposed plans to measures to reduce or control direct impacts on public services

## 16. Utilities

[Find help answering utilities questions<sup>18</sup>](#)

- a. Circle utilities currently available at the site: **electricity**, natural gas, **water**, refuse service, telephone, **sanitary sewer**, septic system, other:

Electricity / water / sanitary sewer

---

<sup>17</sup> <https://ecology.wa.gov/regulations-permits/sepa/environmental-review/sepa-guidance/sepa-checklist-guidance/sepa-checklist-section-b-environmental-elements/environmental-elements-15-public-services>

<sup>18</sup> <https://ecology.wa.gov/regulations-permits/sepa/environmental-review/sepa-guidance/sepa-checklist-guidance/sepa-checklist-section-b-environmental-elements/environmental-elements-16-utilities>

- b. Describe the utilities that are proposed for the project, the utility providing the service, and the general construction activities on the site or in the immediate vicinity which might be needed.

Utility service doesn't needed for this project.

## C. Signature

[Find help about who should sign](#)<sup>19</sup>

The above answers are true and complete to the best of my knowledge. I understand that the lead agency is relying on them to make its decision.

X

## D. Supplemental sheet for nonproject actions

[Find help for the nonproject actions worksheet](#)<sup>20</sup>

**Do not** use this section for project actions.

Because these questions are very general, it may be helpful to read them in conjunction with the list of the elements of the environment.

When answering these questions, be aware of the extent the proposal, or the types of activities likely to result from the proposal, would affect the item at a greater intensity or at a faster rate than if the proposal were not implemented. Respond briefly and in general terms.

1. How would the proposal be likely to increase discharge to water; emissions to air; production, storage, or release of toxic or hazardous substances; or production of noise?

The proposed plan will not impacts to discharge to water; emissions to air; production, storage, or release of toxic or hazardous substances; or production of noise no mitigation measures are included in the proposal

- Proposed measures to avoid or reduce such increases are:

The proposed plan will not impacts to discharge to water; emissions to air; production, storage, or release of toxic or hazardous substances; or production of noise no mitigation measures are included in the proposal

**2. How would the proposal be likely to affect plants, animals, fish, or marine life?**

The proposed plan will not affect on the animals, fish or marine life.

- **Proposed measures to protect or conserve plants, animals, fish, or marine life are:**

The proposed plan will not affect on the animals, fish or marine life.

**3. How would the proposal be likely to deplete energy or natural resources?**

The proposed plan will not affect on the energy or natural resources.

- **Proposed measures to protect or conserve energy and natural resources are:**

The proposed plan will not affect on the energy or natural resources

**4. How would the proposal be likely to use or affect environmentally sensitive areas or areas designated (or eligible or under study) for governmental protection, such as parks, wilderness, wild and scenic rivers, threatened or endangered species habitat, historic or cultural sites, wetlands, floodplains, or prime farmlands?**

The proposed plan will not affect on the environmentally sensitive areas or areas designated.

- **Proposed measures to protect such resources or to avoid or reduce impacts are:**

The proposed plan will not affect on the environmentally sensitive areas or areas designated.

**5. How would the proposal be likely to affect land and shoreline use, including whether it would allow or encourage land or shoreline uses incompatible with existing plans?**

The proposed plan will not affect on the land and shoreline use

- **Proposed measures to avoid or reduce shoreline and land use impacts are:**

The proposed plan will not affect on the land and shoreline use

**6. How would the proposal be likely to increase demands on transportation or public services and utilities?**

The proposed plan will not affect to increase demands on transportation or public services and utilities

- **Proposed measures to reduce or respond to such demand(s) are:**

The proposed plan will not affect to increase demands on transportation or public services and utilities

**7. Identify, if possible, whether the proposal may conflict with local, state, or federal laws or requirements for the protection of the environment.**

The proposed plan will not conflict with local, state, or federal laws or requirements for the protection of the environment
