Hello Bradley,

This consultation is in relation to SE-24-00032 Stoliarenko. This undertaking involves ground disturbing activities related to the installation of a bridge and the removal of a culvert. This undertaking is with the traditional territories of the Confederated Tribes of the Colville Reservation. This project area is also considered High Risk for an Inadvertent Discovery according to the DAHP predictive model. The CCT H/A requests a survey with a subsurface component be conducted to ensure the identification and protection of cultural resources. An IDP/UDP should also be in place during implementation.

Sincerely,
