Jeff,

Based upon the comment below I have no problems with this application. Thank you.

Jeff,

I can not open the attachment but if there is a question about water lines it runs perpendicular from the road to just about the front door. It will not be affected by my variance or proposed project.

Bruce

Guess I misread you email a bit... I was thinking wells (our usual conversation) you were talking water LINES, do you still need this...? I will begin the decision paperwork as Mr. Poulin is anxious to move forward with his building permit.

Jeff,

This is a community water system (Kachees Community Association?). I have an idea where the wells are and they are a long ways from my property.

Would you like me to investigate further?

Bruce

Public Health needs to know where your well location is. If you can mark it on the attached rescan and email it should suffice.

Jeff,

Could the applicant provide information as to where the existing water line is located? Thank you.

Holly
