Jeff,

The City has no issue with the proposal. Thank you.

Hi Matt:

Will you please send Jeff Watson a quick email to let him know the City has no problems with Central Cascades' proposed BLA? We're creating 2 five-acre parcels within the 90-acre UGA area. When we met on Feb. 1st you indicated the City had no concerns and you would let Jeff know so he can process the BLA. He's waiting for a quick response for his records.

If you could let him know, that would be greatly appreciated.

Thank you!
Anne

Hi Matt:

Thanks again for your time the other day. Regarding the Central Cascades BLA that includes a portion of the 90-acre UGA, please let Jeff Watson at the County know that you are OK with the proposed BLA so that he can complete his review. I spoke with him this morning and he did not receive anything from you yet. Thank you!

Anne
