Jeremiah,

Thank you for arranging our site visit yesterday. The Washington State Department of Ecology has received the necessary documents to proceed with the solid waste permitting process for expansion of the Ryegrass Limited Purpose Landfill. We will continue to work with the Kittitas County Public Health Department, and Kittitas County Solid Waste to address any further questions or comments as part of the routine permitting process. If you have any questions for Ecology feel free to reach out.

Sounds like 3:30 PM on May 4 would be the best time for everyone. Lets plan on meeting out there then. Patti is there any special requirements/requests that we should know about?

Let me know if you won't be able to come. The Ryegrass Landfill is located at 25900 Vantage Highway Ellensburg, WA 98926

Thanks.

Everyone,

Thank you for getting back to me. It looks like May 4 is the ideal day to do a site visit for the ryegrass landfill site for most people. Most of you would like to do an afternoon meeting. Would 3:30 PM or 4 PM work for you all?

Let me know.

Patti, Scott and other interested parties,

Is there a time in the next few weeks to do a site visit out at the Ryegrass landfill as requested in the Department of Fish and Wildlife Letter from April 14 for the proposed expansion for the conditional use permit?

Let me know best days/time that work for all of you.

I am not available May 5-7.

Thanks.
