Kittitas County CDS
411 N. Ruby St Suite 2
Ellensburg, WA 98926

To Whom it May Concern:

The residents of 27630 Vantage Highway oppose the proposed land use for the Ryegrass area for landfill usage. The residents already get a smell from the silage facility west from this residence. The resident's moved to the country so that they could breathe fresh air and enjoy the perks of living outside of a city. While the residents understand the need to have a new landfill, they disapprove of this proposed location. The wind often blows from that direction, as well as from the west. If a landfill is placed in that area, then we would have to smell it when the wind blows from that direction as well as from the west. This affects our enjoyment of country living and hinders our ability to enjoy spending time outdoors.

Thank you for your time.

William Riordan & Heather Powell
