State Environmental Policy Act MITIGATED DETERMINATION OF NONSIGNIFICANCE

- Description:** Jeff Zimmer, authorized agent has submitted a SEPA application (CU-21-00010) for the installation and supply of power to the main power supply panel to service new fish screens. The project will include an emergency backup generator (with concrete foundation and containment), a 12.47 kV/480 V transformer/breaker/automatic transfer switch assembly (with concrete foundation and containment) and storm drainage.
- Proponent:** Jeff Zimmer, Authorized Agent.
- Location:** The project is located at Rosa Diversion Dam. located on the Yakima River along State Route 821, in Section 33, Township 15N, Range 19E, W.M. in Kittitas County.
- Lead Agency:** Kittitas County Community Development Services

The lead agency has determined that the proposal will not have a probable significant adverse impact on the environment. An Environmental Impact Statement (EIS) is not required under RCW 43.21C.030 (2) (c) and WAC 197-11. This decision was made after review of a SEPA environmental checklist and other information on file with the lead agency, after considering voluntary mitigation measures which the lead agency or the applicant will implement as part of the proposal, and after considering mitigation measures required by existing laws and regulations that will be implemented by the applicant as part of the Kittitas County permit process. The responsible official finds this information reasonably sufficient to evaluate the environmental impact of this proposal. This information is available to the public on request.

The lead agency has determined that certain mitigation measures are necessary in order to issue a Mitigated Determination of Non-Significance (MDNS) for this proposal. Failure to comply with the mitigation measures identified hereafter will result in the issuance of a Determination of Significance (DS) for this project. The mitigation measures include the following:

I. Critical Areas

- A. The applicant shall comply with all local, State and Federal regulations and environmental standards in place at the time construction.

The above stated mitigation conditions listed above will be provided within conditions of the decision of the conditional use permit approval.
