Good afternoon Eric.

My name is Lindsey Ozbolt and we met when I was previously employed with Kittitas County as a Staff Planner. Dan Carlson has now assigned your project to me to continue processing.

I have distributed the Wetland Reconnaissance document you submitted to CDS on January 30, 2018 to the interested agencies who have been involved in this project for their comment and requested to receive their feedback by end of day March 2<sup>nd</sup>. I have heard back from DOE that they cannot adequately review the Wetland Reconnaissance document without the inclusion of the data sheets your consultant used during their review.

Please provide these data sheets from your consultant to CDS at your earliest convenience so that review can continue of the Wetland Reconnaissance. Depending on when the data sheets are received, the timeframe for comment from the interested agencies may need to be extended.

Best regard,

**Lindsey Ozbolt**

Good afternoon Dan,

Can you please provide us with an update on where we stand with your review of this project? We haven't heard anything since we dropped off our latest wetland report two weeks ago. Any help would be much appreciated.

Regards,  
Eric Jackson
