Subject: Plain Beautiful Short Plat (SP-10-00012)
Date: Wednesday, October 20, 2010 2:23:33 PM

Jeff,

We are adjacent property owner's to the subject proposed short plat. We live at 91 Galaxy Drive in Ellensburg and my property is Lot 17 of the High Valley Lakes Plat.

As I stated this afternoon, the covenants in para. 3.5 of (AFN 199901220042) shown on the face of the proposed plat, clearly state that "No building shall be constructed or vehicles stored on any portion of Lot 18 which is within 200 feet of any Lot or in the area of the survey between Lots 1 through 8 on the north and Lots 9 through 17 on the South." Lots 1 through 18 are according to short plat recorded February 12, 1997 under Kittitas Auditors file No. 199702120004.

We request that the above condition be placed on the face of this plat to insure the landowners of lots 1 through 17 have their rights reserved per para. 3.5 of AFN 199901220042.

Thank You,

Cary and Susan Henderson
