## IV. FOR TEXT AMENDMENTS

Identify the sections of the Comprehensive Plan and Zoning Ordinance that you are proposing to change and provide the proposed wording (attach additional pages if necessary)  
The request is for a map ammendment not a text amendment

## V. FOR ALL AMENDMENTS

### A. Why is the amendment needed and being proposed?

Property does not meet the definition of Agricultural land of long term commercial significance under RCW 36.70A.030(2).

### B. How does the proposed amendment consistent with the County-Wide Planning Policies for Kittitas County?

The county wide planning policies do not specifically address a map ammendment of this type. The Policies do call for and encourage orderly development. This will enhance orderly development.

### C. How is the proposed ammendment consistent with the Kittitas County Comprehensive Plan?

Section 2.3(c) specified the criteria for identifying Ag lands of long term commerical significance. The criteria when applied to this property no longer support this property by designated as Ag lands of long term commercial significance.

### D. How have conditions changed that warrant a comprehensive plan ammendment?

Rural/Urban development associated with Ellensburg abuts or is very near this property.

The property size is too small to a viable commercial agricultural operation.

WAC 365-190-050(1)(d), (e), (f), (g), (h) and (i) support changing the designation of this property from Ag Lands of Long term significance to Rural. Also see more on back
