

Appendix A: Proposed Shoreline Environment Designations (SED)

City of Cle Elum - SMP Update
SMA Grant #: G1200054

Minimum Shoreline Planning Extent

City Limits

UGA (Urban Growth Boundary)

Shoreline Environment Designations (SED)

Minimum Shoreline Jurisdiction

- Aquatic
- Natural
- Shoreline Residential
- Urban Conservancy

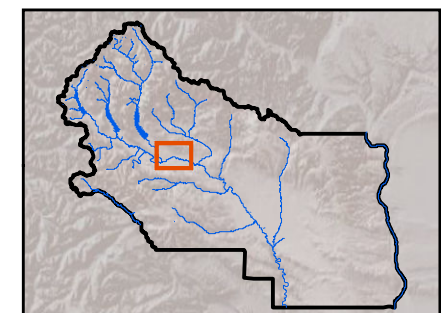

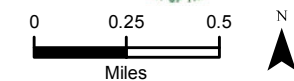

Extended Shoreline Jurisdiction (Optional)

- Aquatic
- High Intensity
- Natural
- Shoreline Residential
- Urban Conservancy

Note: Areas waterward of the Ordinary High Water Line are designated Aquatic.

The current draft of the SMP proposes to regulate the minimum shoreland extent, which consists of the floodway (or OWHM if greater) plus 200 feet and associated wetlands. For informational purposes, these maps also show the optional, extended shoreland extent that could be regulated, which includes the entire floodplain. This additional mapping is intended to be a tool for evaluating the scope and impact of the shoreline jurisdiction options.

Map data shown here are property of the listed sources. Inaccuracies may exist, and ESA implies no warranties or guarantees regarding any aspect of data depiction.

DRAFT - Oct 2013
