

# 2024 Highlights: Central Washington University

## Quarter 1

- The CWU Community Clinic began recruitment for a Clinic Director.
- The taskforce communicated with county partners, Ellensburg School District Representatives, and designated practicum supervisors to provide updates, referral information, and plan for course work.

## Quarter 2

- Clinic Director recruitment efforts were successful.

## Quarter 3

- Clinic Director started in July.
- Purchased counseling curriculum, healthcare portal, and record keeping system.
- Clinic Director met with community partners including school districts and other potential referral sources.
- Drafts of the parent and client surveys were created.

## Quarter 4

- Clinic Director continued to meet with community partners including school districts and other potential referral sources.
- The clinic began seeing patients and developing treatment plans.
- Informational materials were distributed to clients and families.
- Final parent and client surveys were distributed.

### Where did client referrals come from?
