

Kittitas County Solid Waste Programs

925 Industrial Way, Ellensburg, WA 98926

Telephone: (509) 962-7542

January 22, 2026

Subject: Light Recycle Washington

Effective January 25, 2026, Kittitas County Solid Waste will no longer be accepting fluorescent tubes or bulbs.

As of January 1, 2026, the organization that administered the Light Recycle Washington program ceased operations. As a result, the State of Washington no longer has a Producer Responsibility Organization (PRO) to administer the program. Kittitas County Solid Waste will be pausing the program and no longer accept fluorescent tubes and bulbs for recycling.

When the Washington State Department of Ecology finds a new administrator (PRO) to restart the program Kittitas County Solid Waste will resume collection of fluorescent tubes and bulbs.

If you have any questions, please contact the Solid Waste Department at 509-962-7542.
