

New Waste Oil Recycling Policy Effective **March 30th, 2026**

The used oil recycling program is funded in part by a Dept. of Ecology grant. Grant rules specify that funds are not allowed to be spent on waste generated by a business. As such, used oil can only be accepted from residents of Kittitas County. Businesses are **NOT ALLOWED** to use the used oil tanks. Businesses can contact the main office at 509-962-7542 for proper disposal options. There is a daily limit of 20 gallons per household. The maximum container size allowed to pour out is 5 gallons. Customers are **NOT ALLOWED** to dump oil from containers larger than 5 gallons.

DUMPING OIL FROM 55 GALLON DRUMS IS NOT ALLOWED.

Acceptable Fluids

Used Motor Oil
Synthetic Oils and Lubricants
Gear Oil
Lube Oil
Power Steering Fluid
Transmission Fluid
Hydraulic Fluid

Unacceptable Fluids

Antifreeze
Brake Fluid
Solvents and Thinners
Fuels
Transformer Oil
Vegetable Oils and Animal Fats

The above lists are not intended to be all inclusive. If unsure of the fluid or if the fluid is on the unacceptable list, contact the HHW Coordinator at 509-962-7577 to set up an appointment for disposal.
