REGULAR MEETING

DEPARTMENT HEAD

INFO. TECH

Andrew Drain, Application Development Manager provided the BoCC an example of what the cable cord will look like that will be used for the video installation for the BoCC to live stream the Commissioners Agenda and Public Hearings. They questioned how the BoCC would like it hung up, because as is it would be visible and not very nice looking.

There was discussion on ways to conceal the cable and try to make it look not so unattractive.

The Board gave approval to move forward and to get the molding to conceal the cable wires.

Meeting adjourned at 9:47 a.m.
