Lisa Young, HR Director requested the Board allow her to pursue/purchase G-Suite licenses for the County's Civil Service Commission Members. She stated that she has funding in the Civil Service Professional Services budget line to pay for the G-Suite accounts. She stated that she had shared the idea with the Civil Service Commission and said they are currently using their personal or work e-mails to communicate. She outlined the benefits to allowing them to have access to G-Suite since the Commission like to work on documents/share documents and review documents prior to meetings. This opportunity would allow them take away the risks/exposure of using their personal and work e-mails.

Commissioner O'Brien & Chairman Osiadacz both indicated they would support Ms. Young's request as presented.
