REGULAR MEETING

DEPARTMENT HEAD

AUDITOR

Judy Pless, Budget & Finance Manager presented the Board with a OpenGov Software proposal and explained that the 2-3 modules she would like to purchase are \$98,982.00, with a breakdown of how it would be paid for.

Commissioner Jewell questioned if IT could develop an In-house application that would work. Commissioner O'Brien felt IT wouldn't be a good fit to develop the application and expressed some frustrations about IT Staff not being able to support applications when the Application Development Manager is away for one reason or another. Commissioner Osiadacz felt that with the Auditor's Office being the primary user of the software she would support it as they are committed to its success and feels there will be less issues with the application when there are less people with access to the software.

Jerry Pettit, Auditor stated it will be a huge asset with Ms. Pless's retirement in the next 1.5 - 2 years.

The Board directed Ms. Pless to bring forward a Contract for them to consider.

Meeting adjourned at 10:00 a.m.
