Board members present: Chairman Brett Wachsmith, Vice-Chairman Cory Wright, and Laura Osiadacz

Others: Dan Carlson, Lindsey Ozbolt (CDS)

Meeting was called to order at 1:30 pm

CDS Operational Update

Director Carlson briefed the board on the current CDS operations, he stated that all departments are keeping busy while remaining to provide the bulk of our services remotely. One update for the Planning Department is a procedure to start recording final plats. This new procedure will require some leg work for the planning staff but will ensure us to move forward with signing final mylars for Long Plats.

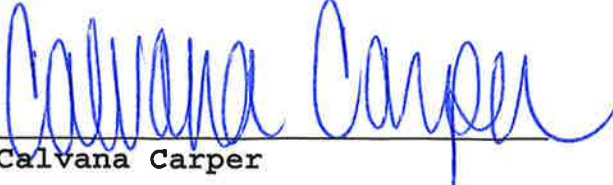

Discuss Request for Letter of Support for Upper Naneum Creek Farm Conservation Easement

Forrtera recently contacted Flood Control District and requested a letter of support for Upper Naneum Creek Farm Conservation Easement. After a brief meeting with the Planning Director, Flood Plain Manager, and Commissioner Wachsmith, it was agreed that if there is a letter of support that it should come from the Board of County Commissioners. The board has asked Director Carlson to arrange follow-up meeting with Forterra, staff, and Board of County Commissioners to discuss benefits, developmental rights, etc. before making any final decisions.

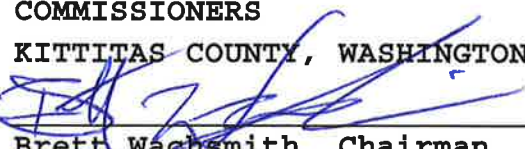

Meeting adjourn at 2:14 pm
