**POLE BUILDING HOLE INSPECTION POLICY**

FOR MORE INFORMATION VISIT THE CDS WEBSITE AT: [WWW.CO.KITTITAS.WA.US/CDS](http://WWW.CO.KITTITAS.WA.US/CDS)

Pole building post holes may be completed in only one inspection provided the following conditions are met:

- At the time of the inspection, the punch pad is poured and the post is set in the hole on top of the punch pad, or
- At the time of the inspection, the post is set in the hole and held up off the bottom to allow the concrete of the punch pad to flow under the post.

The inspector will measure from the top of the punch pad to grade to verify post depth compliance.

DATE: 9/8/16
