Ellensburg, WA. 98926

Dear Jamey,

The following comments are the Environmental Public Health comments on the CP-24-00001 Lewington Notice of Application.

Any future development of lots associated with this proposed project would be ultimately served by the Snoqualmie Pass Utility District (SPUD) as the parcels are in that service area. The applicant will need to provide documentation that SPUD agrees to provide water and sewer connections for any future development prior to final approval.

Thank you for this opportunity to comment. If you have any questions, please don't hesitate to contact me.

Sincerely,

A handwritten signature in blue ink that reads "Holly Erdman".
