To  
Jamey Ayling, Planning Manager  
Kittitas CO. Community Development Service

Dear Jamey:

We are Walt & Gail Farrar and want to follow up on our recent meeting with you re: the Commercial Meat Packing Plant by 3BR Custom Cuts.

We just moved into our home in October and were very surprised to learn the proposed commercial meet packing plant by 3BR was still active. We certainly would not have purchased this place for a home. The plant is next to our home and is not consistent with the zoning of this area, "Rural Residential Lands Use".

The domestic well water used in this operation, not commercial will greatly increase the risk of the residents in this area to run low or dry. The revised application does not say how and where they contaminated water will be dispersed.

We respectfully ask that this project not be approved.

*Walter L. Farrar*

Thank you  
Walt Farrar
