KITTITAS COUNTY BOARD OF COMMISSIONERS

To whom it may concern

My name is Vonnice Kidd. My husband Roy and I live at 3326 Wilson Creek Rd. We are writing this letter in opposition to the Slaughter house that has been proposed, located at 3200 Wilson Creek Rd, which is directly behind my backyard.

These are our concerns

This Slaughter house will be in a residential neighborhood and will make a huge impact to my family and many families in and on Wilson Creek Rd.

The property value of our homes will plummet.

Public health issues such as water run off and contamination to our wells and septic, Nitrous and Phosphorus seepage into the ground, along with smell, noise manure and noise.

Where will the waste water go?

The effect on Lyle Creek that is on this property, that floods in the spring and the irrigation water that floods the land.

RECEIVED

200 Cattle a day be slaughtered,
Where are they coming from?

The impact on Wilson Creek Rd
with all the trucks coming in and out.

Has the County actually come out
and look at the property to see
how close this will be to our homes.

The County should protect the
current tax base, not just look to
expand it, at the cost of longtime
residents. How can they in good
conscience approve of this.

Thank you

Roy and Vonnice Kidd
