Mr. Cromie:

The Department of Health (DOH) Office of Drinking Water (ODW) has the following comments:

- For groundwater for drinking water, the subdividing of this property is considered a “project” and all groundwater extraction needs to be evaluated as a total. In other words, the project narrative states that the two properties will use a shared well – the total extraction through this shared well is held to a single exempt well quantity. The property owner should consult with the State of Washington Department of Ecology to confirm.
- The applicant should also consult with Kittitas County regarding any possible groundwater withdrawal mitigation.

If you have any questions or concerns, please contact DOH.

Thanks,
