Dusty

Please send me a copy of the ACU-19-00001 file, including but not limited to the SEPA, Application, Maps showing the location of the tower, any and all other submissions by the applicant regarding this file.

This site is next to our Historic Dunford Barn and we worked with the wind fams to insure there was no damage to the view corridor surrounding the Dunford barn during the siting of the wind towers.

Thanks .. Pat
