Rachael:

The Department of Health (DOH) Office of Drinking Water (ODW) has the following comment:

For "Utilities", the applicant indicates that water is available at the site – what is this source of water? This proposal looks like water use would generate the need for a public water system that would require submittal to either the County or DOH (depending the population number that has access to the water) for review and subsequent approval.

That constitutes DOH ODW comments.
