I will have the Ellensburg Boat Club send you another copy of their application.

Sheryl

Sheryl,

It would help me to know specifics of their application. Could you forward me a copy of the JARPA so that I can determine specifics under our SMP?

Thanks,

Dusty Pilkington

Subject: RE: Letter from us

The Ellensburg Boat Club submitted a JARPA application to the county for an existing dock built and a proposal for development of a pedestrian trail on Grant PUD shoreline properties. Grant PUD is in need of a shoreline exemption letter or any permits which may be needed for these projects to remain or to be built. I suspect since the dock is existing, it will be a grandfathered use under the county's updated SMP and I believe the trail is outside the 200 foot jurisdiction. Grant PUD is requesting compliance with all environmental permitting which may be required for these projects in order to bring land uses on our property into compliance with our new hydroelectric license requirements for shoreline management of our properties.

If these uses are exempt from permitting, then we just need confirmation from the county and any other agencies. The US Corp will be providing us with a similar letter.

Thanks, Sheryl

Ms. Dotson,

Greetings. Kittitas County Community Development Services here. A gentleman came in today asking about a letter the GCPUD will need stating that no permits or exemptions are needed for a project. Could you give me further info on the project, so I can accurately write such a letter?

Thanks,

Dusty Pilkington
