Tristen,

Both of the lots in this proposed parcel combination are served by a Group A community water system (Suncadia) as well as a community septic system. There should be no issues from the Public Health department on this one.

Holly

Subject: Request for comment CB-18-00002 Moss

Hello,

CDS is requesting comment on the parcel combination application CB-18-00002 Moss. All interested parties please comment by 4/5/2018 at 5pm. CDS will assume your agency has no issue with the application if comment is not received by this date. Thank you.
