To All:

We have agreed to the conditions that we reached with Scott and anticipate that they will be included in the conditions of approval for the PUD. We are working on suggested conditions of approval that we will shortly provide to the county that include the conditions of approval that we agreed with WDFW. We will deliver those proposed conditions and send same to Scott.

Doc and Rose,

I'm following up on the MDNS that was issued for Big Creek Trails. I had worked with Pat Deneen to craft some conditions of approval that he had sent to Lindsey Ozbolt (attached and see transmission email below). I noticed that many were not included in the MDNS. The ones that are included appear to be ones that overlapped with other jurisdictions such as shorelines and wetlands. Perhaps some of the other conditions were outside the scope of the MDNS and need to be recorded in another manner?

I'm looking for confirmation that the conditions of approval that were worked out between Big Creek Trails and WDFW are a matter of record and will be implemented.

Thanks.

Scott

Lindsey

Attached you will find Conditions of Approval for the Big Creek Trails PUD that we have agreed to with Scott Downes of the Washington State Department Fish and Wildlife.

If you have any questions please give me a call.
