RE: Wenger Short Plat – Final Plat (SP-07-00007)

I have reviewed the final plat submitted for Wenger Short Plat (SP-07-00007). My comments appear below for your consideration – pending your response to the applicant.

1. Preliminary condition of approval 7(d)(v) requires the access to parcel 616536 be shown on the final plat. That condition is not met on the final plat that I have been provided for review. Please instruct that the parcel number (616536) be added to note 14 or shown on the face of the plat.

Public Works will not sign the final plat in the absence of the above item being completed to our satisfaction. Please contact me with any questions you have regarding this response.
