Anne,

Processing of the above referenced short plat will begin immediately. SEPA will not be required in that CDS did not request a SEPA checklist within the 28 day period to determine the application complete. We apologize for any inconvenience and will expedite the review. Please contact me should you have any questions.

Subject: [Fwd: Duke Short Plat & SEPA]

Goodmorning -

I have not received a response about processing my short plat application since I sent my request letter a week ago. Will you please let me know the status of my application and who at CDS will be the planner and contact for me in Mike Elkins' absence? I don't understand why this is taking so long.

Thank you -

Anne Watanabe

Goodmorning Mike:

Attached is a letter requesting that CDS issue a Notice of Application for the Duke Short Plat and that the application be processed without the SEPA requirement as we previously discussed.

Thank you and please don't hesitate to call me this afternoon at 674-5645. I can be reached at my office next week at 649-5218.

Your prompt attention to this matter is appreciated.

Anne Watanabe
