I think that would be okay; of the folks commenting public works would probably want to take a look... can you send me a quicky general configuration and I will pass it by her and the boss.

Jeff

Talked to the owner and he would like to adjust the 9 acre parcel up to 20 acres, attached is the revised layout. On past applications we have made this type of adjustment prior to final review as allowed by code but wanted you to have prior to the CPA.

Thanks,

I am trying my best to get things caught up over here especially with regard to short plats. Inasmuch as it has been some time since I have issued a CPA I thought it appropriate to send this draft around for review prior to issuing a Notice of Decision. Please give it a once over at your earliest convenience and shoot me a quick note if you are OK with it.... Or if not, any concerns or comments.
