Dear kaycee Hathaway,

[Subscribe Me!](#)

Laurie Haberman has forwarded this email to you with the following message: RE Grow Bros SEPA SE-14-00011. Please consider the homes being disrupted by this facility. They have resided their an entire lifetime. This is an industrial project and must be in an industrial zone. Not Ag20. The noise to grow and risk of explosions with processing are valid reasons to reject their request to produce & process cannabis extracts are dangerous.

Please Note: You have **NOT** been added to any email lists. If you no longer wish to receive these messages, please contact habermanphoto@gmail.com.

It's 5:00 somewhere, but we've still got a few more hours left to get comments in on the Grow Bros SEPA here in Kittitas County.

There was a typo on the address for Kaycee Hathaway at CDS in the last email.
Please send comments to
kaycee.hathaway@co.kittitas.wa.us
My apologies for any confusion.

The application mentions a future processing facility but provides no details on the environmental issues related to that.

Processing cannabis extracts can be dangerous

Operating plans for the processing plant not included in SEPA checklist

WAC 314-55-104

Marijuana processor license extraction requirements.

(5) Professional closed loop systems, other equipment used, the extraction operation, and facilities must be approved for their use by the local fire code official and meet any required fire, safety, and building code requirements specified in:

- (a) Title 296 WAC;
- (b) National Fire Protection Association (NFPA) standards;
- (c) International Building Code (IBC);
- (d) International Fire Code (IFC); and
- (e) Other applicable standards including following all applicable fire, safety, and building codes in processing and the handling and storage of the solvent or gas.

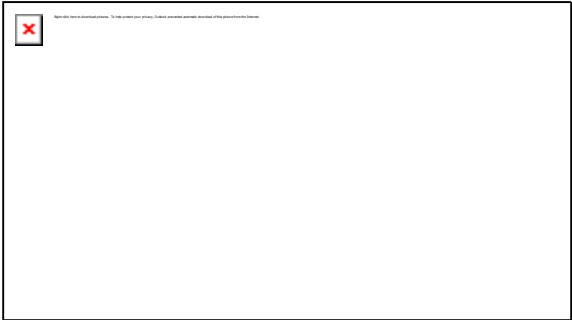

<http://app.leg.wa.gov/WAC/default.aspx?cite=314-55-104>

This Bainbridge Island based company will use no local contractors

The building contractor is from Edmonds and the landscaping will be done by a Bainbridge Island nursery.

Grow Bros. claims there will be no noise impacts

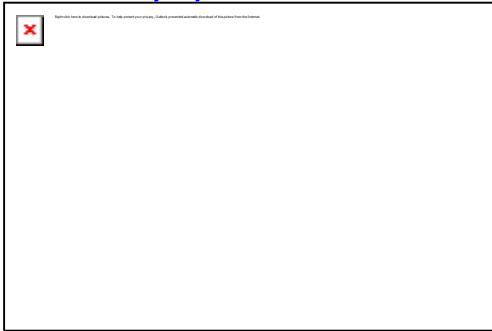

Watch the video in the link to see how noisy the ventilators at Life Gardens on Upper

Grow Bros. claims there will be no odor emissions

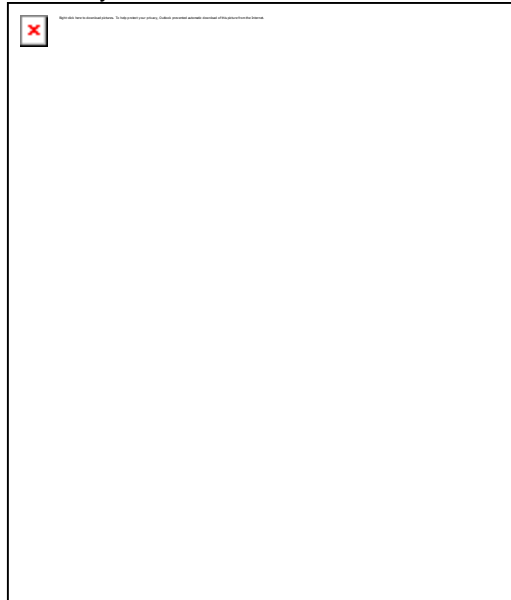

Life Gardens opines about the aroma of cannabis in this [facebook post](#) from Nov.

Badger Pocket are. Note that the owner's hair is not moving. The roar you hear is from the ventilators not the wind.

[video of noisy mj ventilators](#)

2014. Reports from those in the neighborhood last fall said you could definitely smell it when downwind.
