Dear Kelly Bacon:
Subject: Brown and Jackson SEPA Application (SE-20-00003)

I am a homeowner that will be directly affected by the approval of this SEPA request and this project. I am writing to voice my objection to it's approval without a thorough environmental and health impact study.

This project may have dire affects on my family's well-being, our health, our water quality, and the value of our property.

I am extremely disappointed that it appears that this permit application was being fast tracked and cloaked in only a bureaucratic notification process with no discussion with the property and homeowners adversely affected by this project.

I strongly urge you to deny this application until you can have a full discussion with the impacted property owners, a thorough environmental and health impact study and/or consider another location which will not impact water quality and public health.

Sincerely,
Jennifer Beaulieu
