---

Good morning Kelly and Jeremy-

There was not a change in the location of the ponds as described on page 3 of the original SEPA. The SEPA states that the proposal will be contained within Kittitas County Tax Parcel No. 295134. It also describes that the site is just under 198 ac +/- with approximately 25 ac being disturbed, in which nothing has changed. Could you please provide code reference that would constitute a new SEPA application and what the process and procedure would look like for that? My team is delving into this as this seems a bit strange that you are asking me to completely pull my permit.

Thanks

Rikki

Good afternoon Rikki,

Due to the change in location of the ponds originally applied for in SEPA application SE-20-00003 Brown and Jackson, a withdraw letter would be necessary to cancel the existing application as originally submitted. A new SEPA application would be required with all associated documentation in order to consider the updated plans.

I have included the SEPA Official, Jeremy Johnston incase I have missed anything.

Thank you,

**Kelly Bacon**

**Subject:** SEPA

Good morning Kelly-

Yesterday we had the conversation regarding our SEPA application. I just want to make sure I have everything clear moving forward. Can you clarify what exactly I need to do to continue on with our project?

Thanks

Rikki
