Thanks, Kelly—the new link worked. It looks like the applicant plans to build on an existing concrete foundation, so DAHP has no concerns at this time.

Hi Sydney,

I emailed out a new link with instructions on navigating to the location of the documents on the website. Could you please let me know if the second link and direction do not work? I have also attached the SEPA Checklist.

Thank you,

Hi Kelly,

Not sure if anyone else is having this problem, but when I click the external link I get an error message that says "There was a problem locating files." Would you be able to send me the application and map documents directly?

Good morning,

CDS is requesting comments on the following SEPA application SE-20-00006 Immer. The SEPA application is in association with a previously noticed Variance application VA-20-00006 Immer. Through the comment period it was determined that bank stabilization would be required, therefore triggering SEPA. Links to the file materials can be found below. The comment period will end December 28, 2020 at 5pm. CDS will assume your agency does not wish to provide comment if not received by this date. Links to the file materials can be found below. Please contact me directly with any questions or issues accessing the materials.
