Kelly:

DOH ODW is satisfied with the response – we definitely were wondering how/why they were creating a water system!

Thanks,

Russell E. Mau, PhD, PE

Regional Engineer

Good afternoon Russell,

The applicant has provided further clarification for your questions below:

Good afternoon Kelly,

We are not establishing a drinking water system. The responses in Item 16 (a and b) were just

to highlight the use of water for construction on the jobsite.

Thank you,

Paul Oko | Project Engineer

-
Please let me know if there are further questions.

Thank you,

-

Kelly:

The Department of Health (DOH) Office of Drinking Water (ODW) has the following comments:

- In the SEPA checklist, under Item 16 (a and b) for Utilities, the applicant indicates on-site

water and that “water” is proposed for the project. For this project, is this applicant intending to establish a drinking water system?

- If “yes” to the above, this could be a public water system. The determination of being a Group A or Group B depends on the population that would be served by the system.

Please let DOH ODW know, so that we can provide proper guidance to the applicant.

If you have any questions or concerns, please let me know, thanks,

Russell E. Mau, PhD, PE
