Jeremiah:

The Department of Health (DOH) Office of Drinking Water (ODW) has reviewed the submittal and has the following comments:

- For drinking water purposes, this development is a “project” and all groundwater withdrawals (whether a single well or multiple wells) need to be considered together. Please consult with the State of Washington Department of Ecology for guidance on this.
- Depending on how many total homes are proposed (it appears that four (4) are proposed, but it is not clear if other existing homes are associated with this development), the drinking water for this development would be a Group B (smaller number of connections) or Group A (larger number of connections) public water system. Group B water systems are administered exclusively by Kittitas County Health; Group A water systems are administered exclusively by state DOH ODW.

At this time, these are my comments.

Thanks,

Russell E. Mau, PhD, PE
Regional Engineer
Office of Drinking Water
