Jeremiah-

Thank you for the opportunity to comment.

The Kittitas PUD has existing overhead and underground power near the proposed design and within the project area. Any damage done to District facilities during construction activities are the reporting and financial responsibility of the land-owner/developer. Any repairs or work required on the District electrical system in conjunction with this project will be completed by the Kittitas PUD line contractor and charged to the land-owner/developer. Please contact the Kittitas PUD for design and cost proposals for the relocation or replacement of existing electrical facilities.

Thanks,
