Dear Kelly,

I am resending comments I sent to you on February 13 regarding the proposed project SE-22-00002 Cape as described in the SEPA checklist and application materials posted online. We have significant concerns about this proposal because of its potential environmental impacts and its incompliance with County codes.

I saw that other public comments were posted online but did not see our comments. Could you please confirm receipt and also confirm that our comments will be considered by the county before making a determination?

Thank you,
Jon Hoekstra and Jen Steele
