Good afternoon Rachael,

Much appreciation for the opportunity provided to the DNR to provide SEPA related comments on this proposed project, essentially to convert a portion of the Tapert property to non-forestry, in order to build a single family residence. After review of the checklist and related documentation on the Kittitas County (External Access: SE-22-00014 Tapert), we have no substantive comments to share, and we anticipate that the DNR will receive a Forest Practices Application (FPA) from the project proponent, once the SEPA process is concluded.

Best regards,

Shane Early

Forest Practices Coordinator
