Good morning and thank you so much for the clarification, Marty.

Mr. Graves, if a residence is planned down the road, CDS staff needs you to send updated answers to questions 7 and 11 on page 2 of the SEPA Checklist. We do not need specific information relating to the size or location of the residence. For the SEPA determination, we just need to know all of the aspects of the project in its entirety; so thinning of timber and future single family residence would be adequate information for our purposes.

Thank you,

Planner I

Good Thursday morning Paul, et al,

Shane, thank you for bringing this to my attention. I have previously spoken to Paul Graves, the consulting forester for the Downs' project, and he explained to me that the Downs are
