Good Afternoon Jeremiah,

I received your inquiry request in relation to the proposed wastewater treatment facilities improvements. My group is responsible for the Kittitas County territory of commercial and residential electric and gas service. Other PSE groups may or may not have additional commentary.

PSE has facilities that serve the District's property located in the Northeasterly portion of the property covered by easement recorded at Recording No. 202011160107 (see attached). As long as the improvements do not interfere with the normal operation and maintenance of PSE's facilities, then PSE has no objection. If the District requires additional load, they will need to submit a new service request. Let me know if you have any questions or would like to discuss in further detail.

Thank You for your time. Best Regards,

Sam Meldrum

Yeah, Sorry... I know I sent you a thousand this morning! HAHAAH
Been a crazy job set up day so things got all mixed around.

The one with the current WO is currently active and was queued to us.. Not sure if I need to reach out to Major projects or if that would still need to come to us... HA

Hi Sam,

After I dug a little bit I noticed this WO# is already in a Reps name in Major projects. Are you aware of this? Do you want a separate RW#?
