Hi Chase,

In response to the SEPA, as for grading, we will only be removing the top layer (4") of sod the entire distance of the road.

I just had the wetlands report sent you 10 minutes ago. This report should ease DFW concerns. As for the cultural evaluation report, we would certainly be willing to inform the tribe if any cultural artifact are discovered in the area. Please let me know if you have any other questions, or need any additional information.
